National Toll Bridge Company. Ten-Year 6% Conv. Deb. due Jan. 1, 1939. The Public National Bank & Trust Co., New York City, informed us as follows on Aug. 6, 1941:

Under date of Dec. 23, 1937, the undersigned as Trustee under the Agreement providing for the issuance of the above Debentures, advised the holders thereof, among other things, of the particulars of the sale of Madison Bridge under arrangements whereby Madison Bridge Company, the owner of said bridge, received the sum of $860,000, of which amount the sum of $820,000 was paid over to us as such Trustee and the remaining $40,000 set aside for the purpose hereinafter set forth. The sum of $820,000, plus certain other cash and less certain fees and expenses as set forth in our said letter of Dec. 23, 1937, was then distributed to the holders of the above Debentures at the rate of $329.10 for each $1,000 of original principal amount of said Debentures.

At that time the holders were informed that in order to consummate the sale of the bridge, it was necessary to set aside $40,000 of the proceeds of said sale pending disposition of certain tax claims of the States of Kentucky and Indiana, and that when said tax claims were disposed of, it was possible that some part of said reserve fund would be available for distribution to Debenture holders. Accordingly, $40,000 was deposited with us as Escrow Agent under an Agreement dated Dec. 10, 1937, between Urban J. Alexander (the person through whom the sale was made to Kentucky), Madison Bridge Company and this Bank, which provided in effect that when all such tax claims had been settled, any balance of the deposited funds remaining after the payment of fees and expenses would be paid over to the undersigned as Trustee aforesaid for distribution to the holders of the above Debentures. It now appears that these tax claims have been settled and that there is an additional distribution available to the Debenture holders.

We are attaching hereto an account of our proceedings in connection with the aforesaid sum of $40,000 deposited in escrow, showing the payments made therefrom in connection with the payment or settlement of tax claims, and for fees, disbursements and legal expenses. This reveals that out of the funds deposited in escrow, the sum of $28,379.08 remained unexpended and was available for payment to the undersigned as Trustee aforesaid and has been received by us as such Trustee. The attached statement also indicates the additional receipt by us as such Trustee, from Madison Bridge Company, of the net sum of $2,144.30 as set forth therein. From the attached account and statement, it appears that there is now available for distribution to Debenture holders the sum of $29,950.88. The original principal amount of all the Debentures outstanding was $2,500,000. We are, therefore, ready to distribute the sum of $11.98 for each $1,000 of original principal amount of the Debentures now outstanding, said distribution representing the pro rata interest of the Debenture holders in the aforesaid sum of $40,000, which was reserved for taxes out of the proceeds of sale of Madison Bridge, as hereinbefore set forth, and of all other proceeds or avails which they are entitled to receive from the undersigned as Trustee, by reason of their ownership of the aforesaid Ten-Year 6% Convertible Debentures due Jan. 1, 1939, of The National Toll Bridge Company.

There have been delivered to the undersigned written statements that neither The National Toll Bridge Company nor Madison Bridge Company has any assets, and in view of this fact, we propose to cancel and cremate said Debentures when the same are surrendered to us for payment of the above-mentioned final distribution.

The Protective Committee representing approximately ninety-five per cent (95%) in amount of the holders of the outstanding Debentures has approved the actions of the undersigned in connection with all of the foregoing.

In order to expedite the distribution and receive your share thereof, the within letter of transmittal should be executed and sent, as soon as possible, to the undersigned, together with the Debentures of The National Toll Bridge Company owned by you, to which all unpaid coupons should be attached.

Natural Carbonic Holding Corporation. Value of stock: Incorporated in Delaware on September 3, 1930, and is located at Bloomfield Ave. and Grove St., Newark, N. J. Mr. William G. Bates, Treasurer of the company, located at 43 Cedar St., New York City, informed me as follows on Jan. 22, 1941: "In answer to your letter of Jan. 21st, the Natural Carbonic Holding Corporation was formed on the dissolution of the Natural Carbonic Gas Company to take over the slow moving assets of that company. Most of the assets have been sold and the proceeds distributed to the stockholders of the Holding Corporation. There are still some frozen assets, consisting of a piece of property on Frelinghuysen Ave., Newark, and a few mortgages. There is also quite a large amount of money due the United States Government for income taxes. In my opinion the stock has no value at the present time, although there may be a small dividend paid some time in the distant future." In view of the above I submit only a nominal value for the stock as of April 2, 1940, the date of the decedent's death.

Nepigon Mining Lands Company (Ontario). Miller, Canfield, Paddock & Stone, Penobscot Bldg., Detroit, Mich., informed us as follows on June 27, 1941: "This is in reply to your letter of June 26, 1941, inquiring with respect to dividends on forty-seven shares of stock of Nepigon Mining Lands Company owned by a client of yours. The last dividend paid on stock in this company was on July 15, 1926, since which time no other dividends have been paid. It is impossible to advise you what future dividends, if any, will be paid on this stock. The properties of the company consist of real estate on the north shore of Lake Superior, which real estate has some standing timber and is supposed to contain minerals, mostly copper, the value of which is entirely speculative. The present income of the company, which is derived from timber cutting contracts, is not sufficient to take care of the company's current expenses which are largely for taxes, and unless some arrangement can be made with mining interests to develop the property, the company will slowly bleed to death which it has been doing for years. For your further information, I would say that the

Vol.

Secretary of the company is in active negotiation with several parties who appear interested in obtaining options on some of these properties with a view to determining whether or not mining operations thereon would be justified, and it is possible that some deal may be worked out to the company's advantage. Meanwhile, the closest I can come to giving you an idea of the value of this stock is to say that it was appraised in the estate of the late Sidney T. Miller, who for many years was President of the company, at $2.00 per share, and I doubt if any purchaser at that figure could be found. Consequently, I think you may safely regard the holdings of your client as being of purely nominal value."

NEPIGON MINING LANDS COMPANY. Incorporated, Ontario. Treasurer, Cleveland Thurber, Penobscot Bldg., Detroit, Mich. The following payments were made in liquidation:

New Age Publishing Company. In 1924 the New Age Publishing Company which was a Socialist company although not party-owned, got into serious financial difficulties as an aftermath of party persecution during and following the war, etc. Finally the paper they published, the New Age, suspended publication May 1, 1924, and shortly afterward they were forced to sell the printing plant at a sacrifice. The creditors of the company took over what few assets there were, bills receivable, etc. However, they could not touch the proceeds of the sale of the printing plant because that was subject to a bondholders' mortgage. Bonds were issued in 1917 or 1918 at $5 each. They did not realize sufficient from the sale to pay more than $3 for every $5 bond surrendered.

New Orleans, Mobile & Texas Railroad Co. Succesor to New Orleans, Mobile & Chattanooga Railway Company. The property was sold on Nov. 18, 1874, by Frank M. Ames, Trustee, to the Louisiana & Texas Railroad and Steamship Company. It was reported that the First Mortgage bondholders who held bonds dated Mar. 15, 1870, and Jan. 1, 1872, who did not deposit under the Plan of Reorganization, received $151.78 and $58.37 per $1,000 bond, respectively, which amounts were less expenses. Those that deposited under the plan paid assessments of $103.45 per $1,000 bond. We received the following from the U. S. District Court, Eastern District of Louisiana, New Orleans, La.:

(U. S. Circuit Court.)
APRIL TERM, 1880.
New Orleans, La., June 1, 1880.
Court met pursuant to adjournment, President: Hon. E. C. Billings, D. J.
No. 7357—E. D. Morgan and J. A. Raynor, Trustees vs. N. O. Mobile & Texas R. R. Co., et als. This cause came on to be heard upon the report of the Special Master herein of the examination of the accounts and the vouchers therefor of the Trustees aforesaid, Morgan & Raynor, with a view to a final settlement until the 13 May, 1880, the date of the delivery of the possession of the deed of the property, and the property itself to the purchasers, and it appearing from the report that the accounts are correct and that there remains of the money received from the sale, in their hands for the bondholders who did not join in the purchasing agreement and who have not presented their bonds to the Trustees and generally were not proven to the court the sum of $109,882.23 as the ratable share of these bondholders; the court upon consideration thereof orders the Trustees to hold the same for disbursement under the deed of trust, and they deposit the same in the United States Trust Company in New York, subject to their order for that purpose and that the said Trustees be now discharged from their Trust, except for the performance of this duty, and that they report to the court their action herein relative thereto. It further appearing from the Master's report that there remains in the hands of the said Trustees, the sum of Eight Thousand Six Hundred and seventy three 37/100 dollars, arising from the property of the trust, after the payment of charges and expenses, this sum will be paid to the purchasers, the New Orleans, Mobile and Texas Railroad Company as reorganized, or into the Registry of the Court for their use. The court further orders that the Trustees retain and preserve their books of accounts and vouchers subject to any future order of the court. And the court was adjourned until tomorrow at 11 A. M. On June 24th, 1880, on petition of the New Orleans, Mobile & Texas Railroad Company reorganized the $8,673.37 referred to above, which was held in the Registry of the U. S. District Court, New Orleans, La. was paid over to the petitioner. The United States Trust Company of New York City, informed us on Mar. 17, 1938, that the only funds which have been in their hands in recent years which might pertain to these bonds was an amount of $10,887.59 which was turned over to the State of New York on Nov. 6, 1937. It would appear that if these funds are payable on the above-mentioned unstamped bonds, a petition must be approved by the court at New Orleans.

New York Central System, 466 Lexington Ave., New York City. Confirmed the following on Jan. 6, 1942:

BLOSSBURG & CORNING R. R. CO. This company was consolidated with the Wellsboro & Lawrenceville Railroad Company to form the Corning, Cowanesque & Antrim Railway Company under agreement dated 1872. The agreement contains provisions for exchanging the stock of the old companies for that of the new. We refer you to the New York Central R. R. for further information.

EVANSVILLE & INDIANAPOLIS RAILROAD CO. First Mortgage 7% Bonds dated 1872 and due 1902. The New York Central Railroad Co. informed us as follows on Feb. 17, 1941: "Referring to your recent inquiry in regard to the status of Bond No. 258 issued in 1872 of the First Mortgage 7% Issue of the Evansville & Indianapolis Railroad, the principal of which was payable in 1902: According to Poor's Manual for the years 1877-8, there was a company projected under the name of the Evansville & Indianapolis Railroad, which authorized the issue of First Mortgage 7% Bonds due Jan. 1, 1902. We have no information, however, that these bonds were actually issued, or if so, what disposition was made of them, and it is not likely that they are of any value. There was a company known as the Evansville & Indianapolis Railroad which was incorporated June 14, 1884, and was later consolidated with other companies, and subsequently reorganized as the Evansville, Indianapolis & Terre Haute Railway. So far as we know there was no connection between the latter company and the Evansville & Indianapolis Railroad referred to above."

NEW YORK, WEST SHORE & BUFFALO RAILWAY CO. The property of this company was sold under foreclosure in 1885. In the sale we understand the stock of the company was wiped out, and believe it had no value as of Nov. 11, 1930. First Mortgage 5% Bonds of this company dated Aug. 5, 1881, due July 1, 1931, with coupon of Jan. or July, 1884, attached have, we believe, a decree value.

VERNON, GREENSBURG & RUSHVILLE R. R. CO. Merged into the Cleveland, Cincinnati, Chicago & St. Louis Ry. Co. on June 30, 1938.

WELLSBORO & LAWRENCEVILLE RAILROAD COMPANY. The New York Central R. R. informed us as follows on Sept. 28, 1928: "The Blossburg & Corning R. R. was consolidated with the Wellsboro & Lawrenceville R. R. to form the Corning, Cowanesque & Antrim Ry. Co., under agreement dated Dec. 16, 1872, and filed with the Secretary of State of New York on Jan. 2, 1873, and with the Secretary of State of Penna., on Jan. 9, 1873. This agreement contains provisions for exchanging the stock of the old companies for that of the new, but there is no reference to other securities. The stock was exchangeable on a stock-for-stock basis.

ISLAND OIL & TRANSPORT CORP. Incorporated in Virginia and lost its charter on May 31, 1928. The last annual report filed was for the year 1922. The company held control of several companies, one of which was the Cia Petrolera Capuchinas, S. America. The stock of this company, along with all the other assets, were sold to satisfy the noteholders. The actual bonds received $6.23 on each $1,000 bond and Certificates of Deposit for said notes received $290 in cash and one-half share of Antillian Corporation for each $1,000 certificate. Mr. Phillips, of Chadbourne, Hunt, Jaeckel & Brown, located at 70 Pine St., New York City, attorneys for the noteholders, confirmed the above, and informed us that the company still holds about $60,000 for contingencies. The Mexican Government informed us that the Cia Petrolera Capuchinas, S. A., has not been in operation since its inception. The company does not belong to the Island Oil & Transport Corporation, as the stock was sold some time ago. Any attempt to exchange stock of another company for stock of Island Oil plus a cash payment, is, we believe, another form of selling new stock. This same method was tried with the stockholders of the Alvarez Mining Co. and was stopped by the Security and Exchange Commission. Any attempt to lead the stockholders of Island Oil to believe that their stock has any value is, in our opinion, a misrepresentation of the facts. The shares in our opinion are absolutely worthless, because any equity that may remain out of the $60,000 will go to the noteholders. The 8% Notes due 1926 have a decree value of $6.23 per $1,000 bond. Collect from the New York Trust Company, New York City.

JOHNSON - COWDIN - EMMERICH, INC. The First 7% Bonds due 1942 have a decree value of $72.63 per $1,000 bond. Collect from the New York Trust Company, New York City. Norfolk Southern Railroad Company. Press report dated May 1, 1941. Norfolk, Va., Apr. 30 (AP)—The properties of the Norfolk Southern Railroad Company, in receivership since 1932, were sold for $2,000,000 today to Carrol M. Shanks, reorganization manager of the new company which will operate the line. The transfer was on the steps of the Princess Anne County Courthouse under terms of an order authorizing a foreclosure sale entered through the Federal District Court by W. B. Rodman, special master, and confirmed by Judge Luther B. Way. Morris S. Hawkins will be the president of the new company. The names of other officers have not been announced.

Mr. Shanks is vice president and general solicitor of the Prudential Insurance Company of America, one of the many fiduciary institutions which has had to take an active part in railroading because of the numerous bankruptcies and receiverships in that field in recent years. The sale to Mr. Shanks will go before the District Court in Norfolk on May 14 next for confirmation. More than 92% of Norfolk Southern Bonds have been deposited under the plan of reorganization, it was made known by Mr. Shanks. The time within which deposits may be made under the plan was extended to May 15 next. Holders of Norfolk Southern Bonds who do not deposit their bonds with the reorganization manager will receive their distributive share of the purchase price of the properties after deducting expenses. The distributive share of non-depositing bondholders will be determined by apportioning the purchase price, less expenses, among the various issues according to upset prices fixed by the District Court. The percentages of Norfolk Southern Bonds on deposit with the reorganization manager were stated by Mr. Shanks to be about as follows: Norfolk & Southern First Mortgage Bonds, 98%; Raleigh & Cape Fear Railway First Mortgage Bonds, 96.3%; Raleigh & Southport Railway First Mortgage Bonds, 93.6%; Aberdeen & Asheboro Railroad First Mortgage Bonds, 96.9%; Norfolk & Southern Railroad First General Mortgage Bonds, 95%; Norfolk Southern Railroad First and Refunding Mortgage Bonds, 91.6%, and Suffolk & Carolina Railway First Consolidated Mortgage Bonds, 96.4%.

North American Light & Power Company. Press report week of May 12, 1941: The North American Light and Power Company, a principal subholding company in the $1,000,000,000 North American Company system, is to be dissolved in compliance with the simplification and integration provisions of the Public Utility Holding Company Act, it was announced yesterday. In announcing the decision to liquidate, Allen Van Wyck, Pres., made known that a special meeting of stockholders has been called for June 4 to act on the dissolution proposal. North American Light and Power, Mr. Van Wyck declared, would "no longer serve any useful purpose" if its investments were restricted to only one of its subsidiaries, as may be required by the Securities and Exchange Commission under terms of the Holding Company Act. "In addition," he commented, "its capital structure would have to be so materially readjusted in form and reduced in size that complete liquidation would be more advantageous." The principal operating properties controlled by North American Light and Power are: the Northern Natural Gas Company, principally a natural gas pipe line operating from Texas to Minnesota; the Kansas Power and Light Company; the Missouri Power and Light Company, and the Illinois Iowa Power and Light Company, operator of electric and gas properties in Central Illinois and controlling company for the Des Moines Electric Light Company, the Iowa Power and Light Company, the Illinois Terminal Railroad Company and the Central Terminal Company. While specific details of the proposed dissolution were not made known by Mr. Van Wyck, he declared in a special notice to security holders that "it is apparent that upon dissolution preferred stockholders will not realize their full preferential amount, which, on Mar. 31, was $152.50 a share, including dividend arrears of $52.50 a share, and that common stockholders will accordingly realize nothing." The management of North American Light already is negotiating for the sale of the company's interest in Northern Natural Gas, Mr. Van Wyck said, and an application for approval of the sale of this interest has been made to the SEC. In order to eliminate the expense and delay involved in a solicitation of proxies, they are not being asked for the special meeting. The North American Company, which owns more than two-thirds of the voting stock of North American Light, has indicated that it will vote its shares in favor of dissolution of its subholding subsidiary. North American Light's dissolution, Mr. Van Wyck said, will have no effect on continuation of business of the subsidiaries as now constituted. In a tabulation of assets values of the properties comprising the North American Light and Power Company system, Mr. Van Wyck set forth in his letter that the company's investments have an "indicated possible value" of $30,245,823. This compares with adjusted book asset figures of $51,233,245. North American Light has outstanding total capital liabilities, including preferred dividend arrears, of $51,233,245. Its common stock, including surplus, which is to be written off as valueless, is carried on the books at a stated value of $12,218,894.

North Carolina Beneficial Association. The Banking Department, State of North Carolina, Raleigh, N. C., informed us as follows on Oct. 28th, 1940: "The North Carolina Beneficial Association was chartered by the General Assembly of 1869-70, Chapter 14, Private Laws, with an authorized capital of $75,000. It was authorized to begin business on Mar. 1, 1870, and the charter expired thirty years later, or in 1900. The Act did not give the location of the principal office of the corporation and the records in the office of the Secretary of State show that the charter has not been renewed. We do not think that the corporation is in existence at this time." It is our opinion that if any unclaimed funds did exist for the bondholders of this company they would be held by the Banking Department of the State of North Carolina. As they have no record of any such funds it is our opinion that the bonds are without value.

North Western Pennsylvania Traction Company. The properties and franchises of this company were purchased at judicial sale on Apr. 8, 1914 by the Butler and Grove City Railway Company. That by letter dated June 24, 1914, Thomas H. Greer, Esquire, Butler, Pa., wrote as follows: " . . . in reference to the proposed line of the street railway company now known as the Butler and Grove City Railway Company, formerly the North Western Pennsylvania Traction Company. This road has never been built nor operated, but has about four and one-half miles partly graded, and franchises . . ." That the records of the Public Service Commission of Pennsylvania, show that the project was abandoned sometime before the year 1922. Northern Texas Electric Co. The Plan of Reorganization, dated June 15, 1937, filed in the United States District Court, Boston, Mass., states that the preferred stockholders of Northern Texas Electric Co., holding 4,000,000 shares of preferred stock, received 10,000 shares of common stock of North Texas Electric Co. No provision was made for the common stock. The balance sheet of Northern Texas Electric Co. for the year ending Dec. 31, 1936, showed an equity for the common stock in its book figures. Apparently the common stock of the Northern Texas Electric Co. first became worthless in 1937 when the plan eliminated the common stock. However, the plan was not confirmed until 1938. There is a legal question involved there, but it is our opinion that as the common stock was eliminated from the plan in 1937 it should be considered worthless for that year.

Northern Trust Company, Sixth & Spring Garden, Phila., Pa. Reported the following to us on December 19, 1941:

BEAVER VALLEY TRACTION COMPANY. General Mortgage Bonds. Notice sent by the Northern Trust Company to all known bondholders.

In the receivership proceedings against Beaver Valley Traction Company in the Court of Common Pleas of Beaver County, by an order of the Court dated November 10, 1941, upon the Account of W. F. Baum, Receiver, distribution has been made to this Company as Trustee under the General Mortgage of the Beaver Valley Traction Company of the sum of $2,141.19, being the distributive share of the 120 General Mortgage 5% Gold Bonds dated November 1, 1903, which were not presented to the Receiver for payment of their distributive share, to be paid to the holders of said Bonds when and as they may present and surrender the same for the payment of their distributive share.

From the amount of $2,141.19 paid to this Company, we are deducting $60.29, in payment of our expenses, which leaves a balance of $2,080.90 to be distributed at the rate of $17.34 for each $1,000.00 Bond.

Our records show that in 1932 you were the owner of said bonds bearing the serial numbers which were not presented for payment to the Receiver. You should, therefore, present and surrender for cancellation your bonds, with coupons due November 1, 1931, and subsequent thereto attached, at the Office of this Company for payment of your distributive share of $17.34 for each $1,000.00 Bond.

If you are not still the owner of said bonds, could you advise us to whom they were disposed?

Nyanza Mills. We received the following letter from Nathaniel F. Ayer, Treas. of the company, located at Boston, Mass., and dated Feb. 11, 1938: "I would advise that I informed the stockholders at the meeting on Feb. 3rd that all machinery, excepting a small amount which might bring $10,000 has been sold. There was in the bank on Dec. 31, 1937, $63,190.12 and we have a splendid building for sale, which is in the hands of Charles Whitier & Bro., real estate dealers. Owing to present conditions, we have not yet found a customer for the real estate, although we have had many parties who seemed interested. We paid $4.00 a share on account of liquidation Nov. 12, 1936, but since then there have been no dividends in liquidation declared as we had hoped to sell the building and balance of machinery and then make a final declaration."

Ohio Central Railroad Company, River Division, 6's due March 1, 1922. The United States District Court, Charleston, W. Va., informed us as follows on Jan. 12, 1942:

"Receipt is admitted of your letter of recent date, enclosing report on the Ohio Central Railroad Company appearing in the Marvyn Scudder Manual, and replying thereto you are advised that we have examined the old order books of this court in which the decrees were entered pertaining to the said railroad company but failed to find any record showing the payment of funds into the Registry Account of the court, to cover payments on said bonds. A decree entered on June 10, 1886, provided that the holder of each bond was to receive $72.865 per bond and $2.167 per coupon but the records of this office do not disclose where any funds were ever paid into the registry account to cover payments provided in said decree."

The New York Central System, 466 Lexington Ave., New York, N .Y., informed us as follows on April 23, 1942: "Replying to your letter of Jan. 28, 1942 and returning herewith letter dated Jan. 12, 1942 addressed to you by the Clerk of the District Court for the Southern District of West Virginia, at Charleston, W. Va., in which he advised that no funds had ever been paid into the registry account of the Court to cover the payments to be made to holders of Ohio Central Railroad Company, River Division, 6's due March 1, 1922, as provided for in the Court Decree entered on June 10, 1886:

The above mentioned funds were not turned over to The Kanawha & Michigan Railway Company, nor to The Toledo and Ohio Central Rail-

The office was in New York City, evidently, but no one knows where, as they evidently never used the mails. It was a "Skin Game" from start to finish."

Oklahoma Producing & Refining Corporation of America (Maryland). The following letter, dated June 20, 1940, was received from the Pure Oil Company, 35 East Wacker Drive, Chicago, Ill.: "Replying to your letter of June 18, 1940, wherein you advise that the Estate of Thomas O'Keeffe holds Certificate No. 018072 drawn for 10 shares and Certificate No. 017494, also drawn for 10 shares of the common stock of the Oklahoma Producing & Refining Corporation of America. At the present time this office is exchanging shares of the Oklahoma Producing & Refining Corporation of America common stock for The Pure Oil Company common stock on the basis of 10 shares of the former company for 1 share of the latter company, plus accumulated dividends of $9.75 per share on the number of shares of The Pure Oil Company common stock involved by reason of the exchange. However, our records do not reflect the fact that Thomas O'Keeffe is a stockholder of record owning shares of the Oklahoma Producing & Refining Corporation of America common stock. Therefore, if you will advise this office as to the exact manner of registration of the two certificates of stock which the estate has in its possession we shall be very glad to advise you as to our requirements in the exchange."

Oklahoma Producing & Refining Corp. of America	7
Oklahoma Production Co.	7

Vol.

Oklahoma Royalty Trust, Series "R". The Commonwealth Trust Company, Wilmington, Del., Trustee, informed us that as Trustee, they hold certain oil royalties, the income of which is based on the production of oil from these properties. The gross receipts less expenses are distributed pro rata to the certificate holders. The amounts paid on Certificate No. 1042, held by the Richard A. Relyea Estate, in the past year are as follows:

6/13/1940	$29.61
7/10/1940	10.03
10/10/1940	15.31
1/10/1941	12.92

As the estate holds a $5,600 certificate, the payments during 1940 amount to something less than 1% of the face value of the certificate. This is purely a liquidating proposition and there is no way of telling when the wells may go dry. Brokers are willing to gamble a $70 bid for the certificate, but hesitate to pay more for it. Under the circumstances we would hesitate to value the certificate for more than two years' earnings, or $109.90 for the $5,600 certificate, on the basis of the dividends paid during 1940. The certificate could be properly valued by obtaining an engineer's certificate of capacity of the land where the wells are located, and their life. However, a survey of this kind would cost more than the value of the certificate. Because of the fact that officials of the company that sold or were connected with this Trust received prison sentences, it appears to us that this well was a piece of luck that was not counted on. The value of $109.90 as a fair value for the $5,600 certificate as of Nov. 1, 1940, we do not believe is excessive.

Ontario Wind Engine & Pump Co., Ltd. We received the following letter from Jenkins & Hardy, Licensed Trustees in Bankruptcy, 1305 Metropolitan Bldg., Victory and Adelaide Sts., Toronto, 2. Canada written on June 9, 1937. "The above Company made an authorized assignment to me in 1935 and since that time I have been liquidating the assets and disbursing the funds to the parties entitled to them. On June 2, I disposed of the remaining block of real estate in Toronto which will enable me to pay the ordinary creditors in full. After paying these claims and interest, there should be some funds available for distribution to the preferred shareholders. It is impossible to say how much will be disbursed to them at this time. There is property in Alberta and approximately $40,000 worth of outstanding accounts still to be realized, but due to conditions in Western Canada it is practically impossible to obtain any cash on these accounts. In any event there will be no monies available for the preferred shareholders within two years."

Orthopedic Shoes, Inc. (Delaware). The Orthopedic Shoe Company, Portsmouth, Ohio, reported as follows on Dec. 2, 1940: On Nov. 18, 1938, Orthopedic Shoes, Inc. (Delaware), a holding company for Orthopedic Shoes, Inc. (Ohio), and Orthopedic Shoe Stores Company, Inc. (New York), made an assignment of its assets for the benefit of creditors. A notice, thereof, was mailed to preferred shareholders at that time. The debentures of the company outstanding at that date amounted to $361,765.06. On Jan. 6, 1939, the assignee sold the assets for $354,900. Since there was not sufficient cash realized from the sale of the assets to pay off the debentures in full, there was nothing left for distribution to either preferred or common shareholders. The charter of the company was surrendered in 1939.

Osage Oil and Refining Company. We cannot add much to the data given in our Volume III, except that the company had 31 producing wells in 1922 according to the Petroleum Register. The wells apparently went dry very fast. It is our opinion that the shares are without value.

Osann, Frederick, Company. Incorporated in New York and was dissolved on Aug. 23, 1914. Mr. Frederick Osann, located at 95 Liberty St., New York City, informed us on Aug. 30, 1938, that the company owns some property in Brooklyn, N. Y., which the company values at $35,000. The rent from said property is sufficient to cover repairs and charges. When real estate values improve, and the company is able to dispose of the property, a liquidating dividend will be paid on the stock.

Mr. Charles Kanner, former Secretary of the company, located at 652 Broadway, New York City, informed us on July 29, 1940, that this company failed many years ago and that the bondholders realized nothing on the bonds in the final wind-up. Pacific Eastern Corporation. Consolidation of Oct. 31, 1936. Terms of exchange and present status of stock of the Goldman Sachs Trading Corporation (same as Pacific Eastern Corporation).

On Oct. 31, 1936, the old Atlas Corporation, the Goldman Sachs Trading Corporation (later changed to Pacific Eastern Corporation), Shenandoah Corporation and Sterling Securities Corporation were consolidated to form the present Atlas Corporation. The terms of exchange for stock of the Goldman Sachs Trading Corporation (or Pacific Eastern Corporation) are as follows:

For each share of Capital Stock, 1/20 share of Preferred Stock and ¼ of a share of Common Stock of the present Atlas Corporation.

Scrip: Scrip for fractional shares of the present Atlas Corporation resulting from the above terms of exchange expired on Oct. 31, 1938, when stock behind the scrip was sold at prices of $44.50 per full share of present Atlas Preferred and $8.375 per full share of present Atlas Common. Consequently, any fractional shares of the present Atlas Corporation to which certificates of the old consolidated companies would be entitled, now represent cash value of expired scrip at a proportion of the full share prices noted above.

Dividends: Dividends on full shares (not scrip for fractional shares) of the present Atlas Corporation now represent a substantial amount per share. These dividends are payable after exchange of stock to the record owner on the various record dates. On the Preferred Stock, quarterly dividends of 75c per share on Dec. 1, March 1, June 1 and Sept. 1 of each year ($3 per year) have been declared regularly since the consolidation. Thus at Oct. 31, 1941, they amount to $15 per share. On the Common Stock, two dividends of 40c each were declared in 1937 and since then two dividends of 25c each have been declared each year. Thus at Oct. 31, 1941, they amount to $2.80 per share. Please note that these dividends are payable: only after deposit of the old certificates for exchange (or sale, as hereafter noted); only on resulting full shares of present Atlas Preferred or Common; only to record owners of the certificates of the old consolidated companies unless the depositor furnishes proof of endorsement by the record owner prior to the record date of any dividends he claims, or provides a dividend order (covering such claimed dividends) from such record owner.

Purchase of Stock of Consolidated Companies: The present Atlas Corporation will, as a convenience to holders of certificates of the old consolidated companies, purchase such certificates at a price based on the above noted cash value of expired scrip plus the market value of any full shares of Atlas Preferred or Common represented thereby at the closing prices on the New York Stock Exchange on the day such certificates are received in good delivery form (i.e., endorsed with signature guaranteed by a qualified bank or brokerage firm). Dividends will be paid separately shortly after the completion of the purchase in accordance with the conditions set forth in the dividend paragraph above.

Pacific Mail Steamship Company. Incorporated in New York in 1848. According to our records a distribution of $25 per share was made in 1854. On Dec. 15, 1915, a liquidating dividend of $25 per share was paid to stockholders. Mr. A. E. Gravatt, Room 825, 112 Market St., San Francisco, Cal., is in charge of the liquidation of the company. We suggest that you ascertain from Mr. Gravatt if any dividends are due on your shares. Because this company is a very old one it is our opinion that the company may hold a considerable amount of unclaimed dividends. The payments should be stamped on the certificates.

Pacific Railway Company (Illinois). The Continental Illinois National Bank & Trust Company, Chicago, Illinois, successors to Illinois Trust & Savings Bank, Chicago, Illinois, informed us as follows on Dec. 10, 1941: "We have your letter of Dec. 4, 1941, concerning First Mortgage 6% Bonds of the Pacific Railway Company issued under Indenture dated Aug. 24, 1889 to Illinois Trust & Savings Bank as Trustee. The interest due July 1, 1890 was not paid, and the principal of the bonds was declared due on Aug. 3, 1891. The company subsequently went through receivership. The Illinois Trust & Savings Bank, one of the predecessor banks of our present institution, was receiver, and as such collected certain amounts which were assessed against certain stockholders and disbursed the funds pro-rata among the creditors whose claims were allowed. All of the funds in hand were disbursed and an order discharging the receiver given July 18, 1907. (Charles F. Morse, et al vs. Pacific Railway Company, in the Circuit Court of Cook County, in Chancery No. 88047. We believe these bonds have no value. Among the papers in connection with the receivership, we find correspondence with Winston, Payne, Strawn & Shaw, now Winston, Strawn & Shaw, 38 South Dearborn Street, Chicago, Illinois, and it would appear that they represented the receiver in this matter."

Palmer Union Oil Company. Mr. Harry Corvin, an attorney, located at 220 Bush St., San Francisco, Cal., informed us as follows on April 27, 1940: "Replying to yours of the 22nd instant, all outstanding stock of the Palmer Oil Company is worthless. In 1931 the assets of that company were sold to the Palmer Stendel Oil Corporation in exchange for stock in the latter corporation; and the Palmer Union Oil Company distributed to its stockholders proportionately, who were willing to surrender their Palmer Union Oil stock, the Palmer Stendel Oil Corporation stock which had been received by it for its assets. Some time later an assessment was levied upon the stock of the Palmer Stendel Oil Corporation and such of its stock as was then held by the Palmer Union Oil Company was forfeited to the Palmer Stendel Oil Corporation for failure to pay the assessment. It is our recollection that a comparatively small number of stockholders of the Palmer Union Oil Company failed to accept the proportionate share of the Palmer Stendel Oil Corporation stock. The Palmer Stendel Oil Corporation is an operating company, but has only been able to meet payment of one-half of its bond interest for the past seven or eight years; and the stock is not listed on any Exchange, nor have we heard of any of same being traded in for several years."

Panama, Republic of. Press report, dated May 1, 1941: The final step in the program announced by the Republic of Panama in April, 1940, in an endeavor to adjust its defaulted external securities and place its debt structure on a sound basis, will be taken today when the Republic announces an offer to holders of its Arrears Certificates, which were issued under a service readjustment plan in 1933. The offer notifies the holders that the 1934 Series will receive payment in cash of $2.78 on the face amount of $33.33, and the 1935 Series will receive payment in cash of $2.99 on the face amount of $33.33. For the full face amount of the 1933 Series and for the unpaid balance of the face amount of the 1934 and 1935 Series, the Republic is offering to issue in exchange an equal principal amount of new 3% bonds, maturing in 1987. The offer to exchange the Arrears Certificates will expire on May 1, 1943, but the Scrip Certificates will be exchangeable for bonds until May 1, 1944. It is pointed out in the Panama announcement of this offer that the issue of bonds is not conditioned on the acceptance by the holders of any specified percentage of Arrears Certificates. Complete acceptance of the offer would involve the issuance of $986,100 of new 3% bonds and result in an aggregate external debt of $16,321,100 for the Republic, the other external issues consisting of $4,000,000 of new 3½% bonds, due in 1967, and the 3¼% issue, which constitutes the 5% bonds assented to the plan for readjustment, and the remainder of such 5% bonds as have not been assented to that plan.

LUPTON REAL ESTATE CO., Philadelphia, Pa. On Aug. 19, 1939, it was reported that the company had disposed of its remaining assets and would pay a final liquidating dividend of $1.80 per share. This payment, together with the dividend of $9.50 per share paid on Sept. 30, 1938, would bring the total distribution to stockholders up to $11.30 per share. The final dividend was declared payable on Aug. 30, 1939, to holders of record of Aug. 21, 1939. These shares were originally issued to the bondholders of David Lupton's Sons Company. There are many certificates of deposit outstanding which were received for the bonds of David Lupton's Sons Company which have not been exchanged for stock of the Lupton Real Estate Co. When these certificates are presented to the Pennsylvania Company for Insurance on Lives and Granting Annuities, Philadelphia, Pa., for stock of the Lupton Real Estate Co., the above mentioned dividends will be paid.

PREMIER SHARES, INC. Company declared an initial liquidating dividend of $3.85 per share, it was reported on Feb. 19, 1940. UNITED NATIONAL UTILITIES CO. We received the following letter from the Pennsylvania Company for Insurance on Lives and Granting Annuities, S. E. Corner of 15th and Chestnut Sts., Philadelphia, Pa., and signed by John Baird: "The above company was a holding company for National Properties stock and went into bankruptcy when the latter failed in 1921. In foreclosure, the bondholders who had deposited, received about 30% of the face value of their holdings in American Railway Collateral 6's. The holders of the undeposited bonds who proved their claims received in cash $105.52 per $1,000 bond. We would class the preferred and common stock of United National Utilities Company as worthless."

Pennsylvania Railroad Company, Broad Street Station Bldg., Philadelphia, Pa. Informed us as follows on Dec. 23, 1941:

ALLEGHENY PORTAGE RAILROAD, over the Allegheny Mountains between Johnstown and Hollidaysburg, Pa., about 36 miles, built and owned by the Commonwealth of Pennsylvania, began operations March 18, 1834, was abandoned and replaced by a new railroad built by the State known as the New Portage Railroad, opened for traffic on July 1, 1855, operated until 1857, sold by the State to the Pennsylvania Railroad on June 25, 1857, and dismantled in 1858. The price paid to the State for its "Main Line of Public Works," which included the Portage Railroad, was $7,500,000 in Pennsylvania Railroad 5% bonds, payable $100,000 on July 31, 1858, and $100,000 annually thereafter until July 31, 1890, when the payments were increased to $1,000,000 per annum until full amount due was paid.

GRAND RAPIDS & INDIANA RAILROAD COMPANY. The Pennsylvania Railroad Company informed us as follows on Feb. 13, 1940: "I have your letter dated Feb.

Vol.

Pennsylvania Railroad Co. (cont.)
8th, but can find no reference to any bonds issued by the Grand Rapids and Indiana Railroad Company dated in 1859. The aforesaid company issued $8,000,000 7% bonds secured by a first mortgage dated Oct. 1, 1869; $3,000,000 6% bonds secured by a second mortgage dated Aug. 1, 1884, and $4,625,000 5% General Mortgage Bonds issued as of Sept. 1, 1884, and I assume the bonds mentioned in your letter are part of the last named issue. The mortgage securing the General Mortgage Bonds was inferior in lien to the mortgages securing the First and Second Mortgage Bonds. Foreclosure proceedings were instituted in 1895 by the Trustees of the mortgage securing the $3,000,000 6% Bonds, and the road was sold on June 10, 1896, under foreclosure of this mortgage for the sum of $500,000 but subject to the first mortgage securing the 7% bonds, of which there remained $5,375,000 outstanding. The General Mortgage Bonds, therefore, are worthless.

WORCESTER RAILROAD COMPANY merged in 1883 with two other corporations to form the present Delaware, Maryland & Virginia R.R. Co., which road is now operated at cost by the Pennsylvania Railroad Co. Under the terms of the merger agreement three shares of Worcester R.R. Co. stock were exchangeable for one share of Delaware, Maryland & Virginia R.R. Co. stock. The latter Company's bonded and other indebtedness, on which it has defaulted in the payment of both principal and interest, amounts to more than $4,300,000, or approximately twice the book value of its roadway, so that the stocks of both the Worcester Railroad Company and the Delaware, Maryland & Virginia Railroad Company are worthless.

Pennsylvania, State of, Department of Revenue, Bureau of Escheats, Harrisburg, Pa. Our records indicate the following:

ACCUMULATOR COMPANY. Regarding the above company, we received the following letter from the Land Title Bank & Trust Company, Philadelphia, Pa., dated Oct. 8, 1937, and signed by E. Morris Bate, Jr.: "Our records indicate that the mortgage was foreclosed in 1895 and that the Master appointed at the time of the bankruptcy proceedings made a distribution of $83.38 account of each $100 bond. Our records further indicate that the balance remaining in the account, which had been held for those bondholders who had not presented their bonds for payment, escheated to the State of Pennsylvania and was paid Jan. 17, 1921. Should the bonds, which you hold, not be stamped with this payment, you should communicate with the Secy. of Revenue. In view of the above bankruptcy proceedings to the best of our knowledge, stock has no value."

GALENA-SIGNAL OIL COMPANY (Pa.). On March 31, 1931, $4,141.38, representing unclaimed dividends due stockholders, was paid into the Court of Common Pleas of Venango Co., Franklin, Pa. On March 31, 1931, $1,656.83, representing unclaimed dividends due stockholders, was paid into to Bureau of Escheats, Department of Revenue, Harrisburg, Pa. Acquired by Imperial Oil, Ltd. The preferred stockholders received $75 per share in cash and 2 shares of common stock of the new company for each share held. The common stock was exchanged share for share. Any unclaimed funds are probably held by the Prothonotary of the Court of Common Pleas of Venango Co., Franklin, Pa. We believe that C/D for stock should be sent to the Chase National Bank of New York City for collection.

PENNSYLVANIA CANAL COMPANY. The District Court of United States, Philadelphia, Pa., informed us on Oct. 20, 1935, that there was a fund held in the Registry of their Court, placed there in a case of a proceeding in equity, entitled Brown, et al. vs. Pennsylvania Railroad Company, No. 677, April Period, 1911, but after some payments had been made out of the fund, it was, on June 6, 1926, paid over to the Treasury of the United States. At that time escheat proceedings had been begun in the Court of Common Pleas in Philadelphia, Pa., looking toward the escheat to the Commonwealth of Pennsylvania of the unclaimed balance therein.

Pennsylvania, State of, Liquidation Division, Insurance Dept., Otis Bldg., Phila., Pa. We were informed as follows:

AMERICAN UNION FIRE INSURANCE COMPANY. According to our records this company was dissolved as insolvent in March, 1913. The Commonwealth of Pennsylvania, Liquidation Division, Insurance Dept., 10th floor, Otis Bldg., Philadelphia, Pa., informed us on Oct. 16, 1940, that the Liquidator of the American Union Fire Insurance Company made a distribution of 74¼% and on Dec. 3, 1928, escheated to the Commonwealth of Pennsylvania the balance of the money remaining in his possession, namely $5,934.38. We have been unable to this date to find out if the distributions were made to stockholders. Apparently they were made to policyholders, but suggest that you contact the Escheat Division for this confirmation.

Pennsylvania Steel Corporation. The Preferred stock received $100 per share in liquidation. The common received $31.31 per share. President E. C. Fulton, 1581 Broad Street, Philadelphia, Pa. The company was sold to Penn-Mary Steel Company, a subsidiary of Bethlehem Steel Company.

Peoples-Pittsburgh Trust Company, Pittsburgh, Pa. Our records indicate the following:

CARBON STEEL COMPANY. Incorporated in West Virginia. Mr. Ralph V. Hukill, Secretary of the company, c/o Peoples-Pittsburgh Trust Company, Pittsburgh, Pa., informed us on Oct. 25, 1940, that by a decision of the United States Court in West Virginia, liquidating dividends of the Carbon Steel Company had to be paid equally on the First and Second Preferred Stocks up to the par value of these stocks before anything could be paid on the common stock. The preferred stocks were liquidated to only 50% of their par value, so that nothing was paid on the common stock, and it has no present or future value. In view of the above, we submit the common shares as worthless.

FIFTH AVENUE APARTMENT BLDG., Pittsburgh. The First 7% undeposited bonds due 1927-35 have a decree value of $26.54 per $1,000 bond. The deposited bonds received $10 per $100 bond. Collect from the Peoples-Pittsburgh Trust Company, Pittsburgh, Pa.

PITTSBURGH UNITED CORP. Original decision by the lower court in Pennsyl-

Peoples-Pittsburgh Trust Co. (cont.) vania directed that the preferred stock should be redeemed with U. S. Steel Common Stock at $111.25 a share. Case was appealed to Pennsylvania Supreme Court at Pittsburgh. Preferred stockholders received $147.91 per stamped share on July 14, 1937. We received the following letter from the Peoples Pittsburgh Trust Company, dated Oct. 19, 1938, and signed by Gwilym A. Price, Vice President in charge of Trusts, at Pittsburgh, Pa.: "Upon presentation at our office, on and after July 11, 1938, for each share of preferred stock we are issuing one share United States Steel Common Stock. It is expected that a further distribution will be made at a later date."

The Peoples-Pittsburgh Trust Company, Pittsburgh, Pa., informed us as follows on November 25, 1941:

The Common Stock of Pittsburgh United Corporation became worthless in the year 1938, according to the ruling of our local Bureau of Internal Revenue.

Final distribution to the Preferred stockholders was made December 28, 1940.

Perpetual Self Winding Watch Corporation. Mr. Richard B. Darragh, of the firm of Hughes, Richards, Hubbard & Ewing, 1 Wall St., New York City, informed us as follows on May 16, 1941: "Perpetual Self Winding Watch Corporation filed a voluntary petition in bankruptcy on or about Feb. 8, 1939, and Mr. Zwillinger, formerly an officer of the company, was appointed Custodian and Trustee. The proceeding was given the title 'In the Matter of Perpetual Self Winding Watch Corporation, Bankrupt, United States District Court, Southern District of New York, No. 73184.' Thereafter a sale of the remaining assets of the bankrupt was held on May 15, 1939, and the sale was confirmed by order of the Referee in Bankruptcy on May 18, 1939. From the proceeds of sale there were sufficient funds to pay creditors 16.25% of their claims, which dividends were paid, exhausting the assets of the corporation. Mr. Zwillinger was discharged as Trustee on May 1, 1940, and all of the original books and records of the bankrupt's estate were abandoned by the Trustee to the syndicate (of which James F. Sandefur of this city was manager) which bid in the property at the sale. From the above it is apparent that the common stock of the corporation is of no value. If you desire any further information in this connection, please do not hesitate to call upon me."

Piedmont Mt. Airy Gauno Company. Mr. A. C. Levering, Pres., in care of the Mercantile Trust Company of Baltimore, Md., informed us as follows on Dec. 26, 1937. "With reference to the Piedmont Mt. Airy Guano Company stock, this company has been in liquidation for several years and the only assets now held are two farms in Southern Maryland. The prospects of selling them are not good. I think you can consider the preferred stock practically worthless and I would estimate that at some future date, probably 25c to 50c per share would be about the maximum distribution. The common stock has no value whatsoever."

Pittsburgh Silver Peak Gold Mining Co. Incorporated in 1906 and had property in California. The mine was exhausted in 1919 at which time the company ceased business. The last dividend was 2c per share paid in 1914. The total dividends amounted to 28% of the $1.00 par stock. Mr. William Flinn of Pittsburgh, Pa., was President.

Pittsburgh Store Fixture and Equipment Co. 6

Pittsburgh Tin Plate & Steel Corp. It was reported that this company was placed in receivership on May 5, 1927, Francis H. Game of Columbus, and Benjamin B. Putman of Marietta, being named as Receivers by appointment of the District Court of the United States for the Southern District of Ohio. All of the properties were sold at receiver's sale for $30,000. The entire properties were covered by a first mortgage, under which there was outstanding $260,250 of First Mortgage Bonds. There was no equity left for any junior securities. The bonds were payable at the First National Bank, Marietta, Ohio.

The Comptroller of The Currency, Washington, D. C., informed us as follows on Feb. 3, 1942:

The First National Bank of Marietta, Ohio, was declared insolvent and placed in the hands of a receiver on Feb. 5, 1934. A final report was submitted to this office by Mr. Willard Hood, Receiver, and the receivership was closed on April 25, 1940.

An examination has been made of the records of this receivership on file in this office and we are unable to find a liability under the heading of funds for unpresented bonds of the Pittsburgh Tin Plate and Steel Corporation. Before The First National Bank of Marietta, Ohio, closed, it assumed the liabilities of The Central National Bank of Marietta, Ohio, and the balance due on the liabilities so assumed was set up in the first report of the receivership of The First National Bank of Marietta, Ohio. Under these liabilities and under the heading, "Trust Department," there is an account for the Pittsburgh Tin Plate and Steel Corporation in the amount of $52.70. It is possible that this amount may represent funds deposited to retire unpresented bonds. However, this office is unable to determine that this is the fact.

No claim was presented for these funds during the life of the receivership of The First National Bank of Marietta, Ohio, and the item is, therefore, listed in the receiver's final report among the unproved claims. At the time the receivership was closed, all of the funds on hand, after the payment of expenses of administration, were distributed in dividends to those creditors who proved their claims as required by law and no money remains on hand at this late date from which dividends could now be paid on this claim even though it should now be established.

Pittsburgh, Titusville & Buffalo Railway Company. Our records indicate that the First Mortgage Bonds due 1890 have a decree value of $97.10 per $1,000 bond, payable by the Trustee named in the bond. We believe the U. S. District Court at Pittsburgh, Pa., ordered the property foreclosed.

Platt Music Co. Bldg., Los Angeles. Wm. K. Bowers, of San Francisco, Cal., made a payment of $191.03 on each $1,000 First 6% Bond due 1932. Bonds due 1933 received $27.65 per $1,000 bond. All other maturities up to 1943 received $27.65 per bond.

Platt Music Company Building Bonds. The American National Bank & Trust Company of Chicago, Ill., reported as follows on March 12, 1940: "We originally acted as

Platt Music Co. Building Bonds (cont.) depositary for the bondholders' committee that worked on the reorganization of the above mentioned issue. An offer was made to purchase the property, which was accepted by the majority of the depositing bondholders and a payment was made by us in connection with our outstanding certificates on the basis of $27.65 for each $1,000 bond. On referring to our files, we find that in Feb., 1935, the committee's notice of this sale stated that undeposited bonds should be forwarded to Mr. Leigh M. Battson, 541 S. Spring St., Los Angeles, Cal., who was making the payment in connection with such securities. Mr. J. E. Benton, Trustee, 607 S. Hill St., Los Angeles, Cal., reported as follows on March 22, 1940: From information made available to us, we learn that Platt Music Company Building First Mortgage Bond No. 561 was deposited with the First Mortgage Bondholders' Committee, since dissolved, and a certificate of deposit issued therefor. According to the committee's printed letter, dated March 30, 1935, copy of which is enclosed, the said certificate (the holder thereof not having accepted a certain offer relative to the property and the bonds) was entitled to receive a sum, set forth therein, upon surrender of the certificate; upon such payment, the bond would be endorsed recording the same, and the bond returned to the holder. Whether the client had received the distribution to which she was entitled could be determined by referring to the bond and the endorsement thereon, if any. If, after reviewing the matter the client still holds a certificate of deposit representing Bond No. 561, we would suggest that she proceed according to the instructions contained in the enclosed letter and she will receive the money to which she is entitled. Mr. Naida Z. Griffin of Bowes Brothers & Company, 519 California St., San Francisco, Cal., reported as follows on March 11, 1940: Replying to your letter of March 2nd, 1940, reference to $1,000 Platt Music Company Building 6% First Leasehold Bond maturing Jan. 15, 1943, we find that these bonds defaulted in 1932, the lease forfeited, and the company was reorganized Oct., 1934, as the Eight Thirty Four So. Broadway Building Corporation. However, we suggest that you write to the Eight Thirty Four So. Broadway Bldg. Corp., Union Bank Building, Los Angeles, Calif., to verify this information."

Pontiac Commercial & Savings Bank. The stockholders of the Pontiac Commercial & Savings Bank, Pontiac, Mich., were assessed 100%. The assessment was levied by the Circuit Court of Oakland Co., Mich., which has jurisdiction over the affairs of this receivership, on March 30, 1932. The fact that the stockholders were assessed 100% is sufficient evidence to establish worthlessness for the stock for the year 1932. The loss could not be claimed in any subsequent year.

Poole Engineering & Machine Company. Incorporated in Maryland and went bankrupt in 1932 at which time Receivers were appointed. The State Tax Commission of Maryland advised us that the charter of this company was forfeited on Jan. 28, 1932. We found no value to the stock and believe the shares were worthless as of 1932 when the company ceased to exist. The Fidelity Trust Company of Baltimore, Md., Trustee for the First Mortgage 6% S. F. Gold Bonds, dated July 1, 1914, and due July 1, 1944, informed us on March 11, 1938, that all bondholders received $347.10717 per $1,000 bond. The bonds were not paid in full in liquidation leaving no equity for the capital stock.

LIABILITIES

Balance of capital stock outstanding		$100,000.00
Deficit June 11, 1941	$45,797.44	
Deficit Nov. 3, 1941	45,053.20	
Deficit reduced	$ 744.24	

As to any immediate payment in reduction of capital, I wish to say that pending the conversion into cash of the mortgages, more particularly the second mortgage of $9,000, there will be no distribution, as the trustees feel that they should keep sufficient money on hand with which to take up the first mortgage as a lien prior to that of the $9,000 should the mortgagee plan to take any action to foreclose.

Process Holdings Company. Incorporated in Oregon on June 23, 1930, and is located at 710 Pittock Block, Portland, Oregon. The transfer agent is Ralph A. Coan, Secretary, 710 Pittock Block, Portland, Oregon. Coan & Rosenberg, attorneys, located at 710 Pittock Block, Portland, Oregon, informed us on Mar. 13, 1942, that the stock has never been listed on any exchange and is rather closely held. The only property owned by the corporation is some patent rights which may or may not have considerable value. The stock has been traded in and about Los Angeles and San Jose purely on a speculative basis and understand it has been sold at prices ranging from $50 to $250 per share. At present a subsidiary known as Western Silicair Products Co., one-half of whose common stock is held by Process Holdings Company, are about to begin rather active operation with a new factory which will have quite a large output of acoustical tile which can be readily marketed at a considerable profit. The war and

general slow-down of domestic building will undoubtedly affect this operation.

Protective Certificate Corporation. Incorporated in New York and was located at 256 West 38tn St., New York City. In 1927, the company was out of business. The corporation lost its charter in 1929 for failure to file reports for the five previous years. Apparently since 1924 the company stopped filing reports but did not stop selling their bonds. We found no value to the bonds, and as they were only Debentures, they were not secured.

Prudential Investors, Inc. (Press report.) Prudential Investors, Inc., stockholders at special meeting in Wilmington, Del., approved the proposal of directors that the trust be dissolved.

In its last statement the trust showed assets of more than $6,000,000.

The board's dissolution decision was influenced by the growing problems in the operation of a trust, particularly with the coming of Government regulation.

The preferred stock will be paid in full at the liquidation value of $100 a share plus accrued dividends. An indication of what the common holders will receive is given by the current price of $9 a share on the Curb Exchange.

R x Company. Value of 29 Shares of Capital Stock. Incorporated under the laws of the State of New Jersey on Jan. 3, 1916, as the Rex Company, and changed its name to the above on Jan. 19, 1933. The principal office of the company was located at 503 Main St., Boonton, N. J. The following were the names and addresses of the last known officers and directors of the company and the amount of shares held by each:

Name	Address	Shares Held
Pres., H. Arbuckle	Boonton, N. J.	38
V.-P., R. S. Hitchcock	Boonton, N. J.	38
Treas., N. D. La Hart	Boonton, N. J.	10
Sec'y, B. E. Coleman	Boonton, N. J.	20
Dir., Chas. E. Estler	Boonton, N. J.	38

Mr. J. W. Heaney of 503 Main St., Boonton, N. J., informed me on April 8, 1940, that this corporation owned a drug store at 503 Main St., Boonton, N. J. Mr. Heaney stated that he purchased the store and contents for $10,000, of which $2,800 was paid in cash when title was transferred. This money was paid, I understand, to Mr. Hitchcock and Mr. Estler, the controlling stockholders. Mr. Heaney further stated that he owed about $5,200 up to June 9, 1939. The arrangement was to pay $50 per month to reduce the original amount. Mr. Heaney stated that he has made no payments since the deaths of the controlling stockholders. I have consulted Dr. H. Arbuckle of Boonton, N. J., a stockholder of the corporation, and he informed me on April 7, 1940, that when the books of the corporation were turned over to the controlling stockholders all the debts of the corporation were paid. Dr. Arbuckle further stated that he has received no part of the down payment of $2,800, nor any part of the additional $2,000 that was paid into the corporation by Mr. Heaney at $50 per month. Therefore, I am assuming that no distributions were made to the stockholders up to June 9, 1939. Therefore, as there were 144 shares of stock outstanding the shares had a fair value of $69.44 per share or a total of $2,013.76 for 29 shares, of which $33.33 per share represents cash held by the corporation, as of June 9, 1939, the date of the decedent's death.

Rayon Industries Corporation. The National Investment Transcript, Inc., published an alleged tipster sheet known as National Investment Transcript and in its columns puffed the stock of Rayon Industries Corporation. Investors in the corporation through fraud lost $5,000,000 in 1933 or 1934 in the company. The jury returned a verdict of guilty in 1937 against the officials of the company. Some got one to seven years, and others received suspended sentences. The shares are absolutely worthless, and for income tax purposes the stock probably became worthless in 1933. However, a receiver was not appointed until 1935, and the company was ordered to liquidate in 1936. I do not believe the government would permit a loss on the stock later than 1936, and the facts may show that the stock was worthless in 1933. You could not even claim a refund for 1936, as that year is outlawed. It is a matter of sleeping on your rights.

Recreations Holding Company, Inc.	6

Recreator Corporation. Value of Certificate for 100 Shares of Preferred Stock and Interest in $1,000 Trust Fund. Incorporated under the laws of the State of Delaware and lost its charter in 1931. I found no value to the stock nor of the Trust Fund and therefore believe the stock and interest in the Trust Fund were without value as of Jan. 22, 1940, the date of the decedent's death.

Recreator Phonograph Corporation. Value of a Demand Note for $4,208.34, dated Dec. 31, 1927. Incorporated in Massachusetts and lost its charter in 1931. Due to the fact that the corporation is out of existence and that the Note no longer has any value I submit it as worthless as of Jan. 22, 1940, the date of the decedent's death.

Republic Producing Company (Del.). The Middle States Petroleum Corporation, 170 Broadway, New York City, informed us as follows on Dec. 1, 1941:

Reference is made to your telephone call Nov. 25th, in which you stated that you had been requested by a client to advise him on what date the common stock of the above corporation became valueless. Republic Producing Company was a subsidiary of this corporation.

It seems probable to us that the appropriate date for your purpose would be that on which the stockholders adopted the necessary resolutions providing for the dissolution of the corporation, which was Jan. 16, 1936. The Certificate of Dissolution of the corporation was filed with the Secy. of State of the State of Delaware on Jan. 25, 1936, and thereafter the officers and directors proceeded to distribute the assets of the corporation to the holders of its $100 par value preferred stock. The fourth and final dividend in liquidation was paid on June 7, 1939. The liquidating dividends aggregated $6.112285625 on each share of the preferred stock. It is, therefore, obvious that the assets of the corporation, as of the date of dissolution, were insufficient to permit the making of any payment with respect to the common stock.

Reynolds Investing Company, Inc. Press report, April 20, 1940: Holders of securities of the Reynolds Investing Company, Inc., must vote before May 20 on a plan for reorganization approved yesterday in Newark, N. J., by Judge Guy L. Fake of the United States District Court. The program previously had been reported as "fair and equitable and feasible" by the Securities and Exchange Commission. Votes are to be received by the referee in bankruptcy, John Grimshaw of Jersey City. According to an announcement by John Gerdes and James D. Carpenter, Jr., the Trustees, the name of the company would be changed to the Reynolds Realization Corporation. The plan proposes complete liquidation of the assets of the company in six years, with holders of the old Debentures in control. Proceeds of the liquidation would be distributed among the holders of the old Debentures, the old Preferred Stock and the old Common Stock according to strict legal priorities. The company would hold all property and assets except claims in its favor. These would be retained and enforced by the Trustees, who would pay the net proceeds to the company.

The reorganized company would have its capitalization in $3,439,900 of 5 Per Cent Debentures due on April 1, 1946; 9,915 shares of new Preferred Stock of $10 par value, entitled in liquidation to $145 a share, and 178,786 shares of new Common Stock of 50c par value. All reorganization expenses and all allowed claims of creditors (other than Debenture holders) would be paid in full in cash immediately. Each holder of an old Debenture would receive the same amount in a new Debenture. Holders of old Preferred Stock would receive Class A Liquidation Voting Trust Certificates, entitled to $145 each before any payment is made to the holders of Common Stock. Dividends on the old Preferred are $45 in arrears. Holders of the old Common Stock would receive Class B Liquidating Voting Trust Certificates at the rate of 1 for each 10 shares of old stock. The company would be dissolved in 1946 unless all Debentures and Preferred Stock should have been paid or redeemed by then and a majority of the Common stockholders should vote against dissolution.

In the first year of the plan, Directors representing the Debentures would be Dean Langmuir, G. Vernor Rogers and Samuel S. Rodman. Richardson Morris would represent the Preferred Stock, and Edwin H. Woarms, the Common. Holders of the Debentures would elect a majority of the Board until asset value of outstanding Debentures was more than 200% of principal and unpaid interest and until principal amount of outstanding Debentures was less than $750,000. Thereafter the Debentures would elect two Directors, the Preferred, two, and the Common, one. The plan provides restrictions on the power of the directors to sell certain securities, demanding that specified market prices be reached. The Directors may invest only in the company's own Debentures until they have been retired; thereafter only in its Preferred Stock. The plan showed causes of action in favor of Reynolds Investing with a face amount of more than $3,000,000, readily marketable securities with a market value of $1,048,156 on Jan. 19, and not readily marketable securities with a nominal market value of $2,031,226 on the same date.

Rice, Jerome B., Seed Company. Mr. Roscoe Irwin, an attorney, located at 11 N. Pearl St., Albany, N. Y., informed us as follows on April 16, 1941: "Replying to your letter of the 11th instant, you are advised that Jerome B. Rice Seed Company was adjudicated a bankrupt by Order of United States District Court in and for the Northern District of New York granted March 16, 1940, dated March 21, 1940, and filed in the Clerk's Office of said Court at Utica, N. Y., March 22, 1940. The bankruptcy proceedings show that there isn't anything available for either preferred or common stockholders and nothing available to pay the balance due creditors of the Rice Company."

Ridge Avenue Deposit Bank, Allentown, Pa. The Ridge Avenue Deposit Bank, of Allentown, was closed on July 19, 1932, and is now in liquidation for the benefit of depositors and shareholders. Again, while we are unable to determine at this time the value of the unliquidated assets, we question whether there will be any distributions ever made to shareholders as only 35% of the deposits have been paid to date. Riverside Plaza Corporation. First 6's due 1950. Secured 7's due 1940. The First Mortgage Trustee instituted proceedings to foreclose the first mortgage and was sold on April 7, 1933. The undepositing First Mortgage bondholders were entitled to $114.37 per $1,000 bond. The undepositing First Mortgage bondholders who took the above cash payment may deduct the difference as a loss for the year 1933. These second mortgage bonds that were not deposited became worthless in 1933 as they no longer had any equity. Those first and second mortgage bondholders who deposited their bonds with the reorganization committees have not as yet suffered a loss as the hearing on the reorganization plan submitted was not held until Sept. 5, 1935. This plan provided that new securities would be issued in exchange for first and second mortgage bonds. It is probably a question of law whether a depositing Second Mortgage bondholder may deduct a loss on his certificate of deposit for the year 1933. However, it is our opinion that a depositing Second Mortgage bondholder may not deduct his investment as a loss until he either sells his certificate or is wiped out entirely. In this case the depositing Second Mortgage bondholder has a chance of obtaining new securities. The First Mortgage bondholders who did not deposit their bonds may only take a loss on said bonds in the year 1933, when said property was foreclosed and they were entitled to receive only $114.73 per $1,000 bond. Rockford, Rock Island & St. Louis R. R. The Frankford (Germany) Committee of Bondholders declared a dividend of 13% from the proceeds of the sale of the road on Jan. 19, 1878. Another record disclosed that Henry W. Bishop, Master in Chancery, United States District Court held funds for the First Mortgage Bonds as of Feb. 19, 1876.

Rockford, Rock Island & St. Louis Railroad Company. First Mortgage 7% Bonds due Aug. 1, 1918. The United States District Court at Chicago, Ill., informed us as follows on May 15, 1942:

"In reply to your letter of May 14, 1942, wish to advise you that the Rockford, Rock

Island & St. Louis Railroad Company is a branch of the Chicago, Burlington and Quincy Railroad.

I have transmitted your letter to the Legal Department of the above railroad for the correct information concerning bond held by your client."

The Chicago, Burlington & Quincy Railroad Company, Chicago, Ill., informed us as follows on May 19, 1942:

"Your letter of May 14th to the United States District Court, Chicago, in connection with bond of the Rockford, Rock Island & St. Louis RR Co. due 1918, has been referred to me.

All the property of that Company was mortgaged in 1868 to the Union Trust Company of New York; in 1875 the mortgage was foreclosed and as of date May 18, 1876, all the railroad and property of that Company was conveyed by a Master's Deed in the foreclosure proceedings to Heyman Osterberg as Trustee, who purchased the entire property for $1,320,000 which sum, together with $2,502.91 interest thereon, was paid into the Circuit Court of the United States for the Northern District of Illinois. After payment of certain specified claims (which were given preference to and priority over the holders of other bonds and coupons secured by the aforesaid mortgage) was made out of the proceeds of the sale, the balance was ordered to be paid 'pro rata of the amount remaining due and unpaid upon all said bonds of both series and the coupons belonging to the same, and the certificates of indebtedness issued in lieu of any of said coupons, in proportion to the said amounts remaining due and unpaid thereon respectively'; hence, the obligations of the old Company have no value unless you find that the Court is still holding some of the proceeds of the sale."

Safe Guard Check Writer Corporation. The following letter was received from the Safe Guard Corporation, located at Lansdale, Pa., dated Oct. 2, 1940: "Answering your letter of the 1st, inasmuch as we do not trade in stock, acting only as our own transfer agents, we would refer you to Mr. J. K. Weaver, Dresher Arcade, Lansdale, Pa., for a price on it, as Mr. Weaver has recently bought a few small blocks. Hanson & Hanson, 25 Broadway, New York City, have also sent shares in following sales. For your clients information in case of transfer it will be a saving in tax stamps to recall that in March (12), 1934, the par value of this stock was set at $1.00 a share, and as long as the certificate has not been dated for transfer prior to that time, it carries with it the same privileges as do the certificates bearing the $1.00 par."

Safe Harbor Iron & Steel Company. According to our records this company acquired the American Swedish Crucible Steel Company. On March 27, 1909, the property was foreclosed, and the property was bought in for the bondholders on Sept. 28, 1909, by the Real Estate Trust Company of Philadelphia. The Real Estate Trust Company informed us that they have no record of this transaction. Our records were obtained from the Chronicle. It would appear that as the property was bought for the benefit of the bondholders, all equity for the stock was wiped out.

Montreal, Canada, sent out the following information: In June, 1927, the Saguenay Pulp & Power Company was put into voluntary liquidation. The only assets of the company were then represented by a certificate of 7,850 common shares of the Quebec Pulp & Paper Mills, Limited. Through a compromise and arrangement made by the Quebec Pulp & Paper Mills, Ltd., Saguenay Pulp & Power Co. in liquidation received $66,725 and 3,532½ non-cumulative 7% redeemable preferred shares of Quebec Pulp & Paper Corp. in exchange for the 7,850 common shares of Quebec Pulp & Paper Mills, Limited, in liquidation. In June, 1928, the shareholders of Saguenay Pulp & Power Co., in liquidation, authorized the then liquidator to sell those shares at a price of $40 per share and this authorization was ratified and confirmed by the Court. These shares were then sold under the Court's sanction. In Oct., 1930, after payment of claims against the liquidation, fees of the liquidator and incidental expenses a first and final dividend of $198,100 was declared, representing a dividend of .283c per share on the 700,000 outstanding $5.00 preferred shares of the company. This dividend was paid to the shareholders who had surrendered their certificates, but at the end of Aug., 1938, an amount of approximately $10,000 still remained to be distributed to holders of preferred stock who had not surrendered their certificates. In June, 1931, Quebec Pulp & Paper Mills, Limited, in liquidation, issued unexpectedly a second dividend sheet and Saguenay Pulp & Power Co. as original owner of 7,850 shares of Quebec Pulp & Paper Mills, Limited, in liquidation, received through this second dividend an amount of $3,925 and 337 55/100 preferred shares of Quebec Pulp & Paper Corp. In June, 1932, Maurice Chartre was appointed liquidator in replacement of Eugene Trudel, former liquidator, who died in 1931. Owing to numerous inquiries which the liquidator continued to receive from shareholders who had not yet surrendered their certificates and received the original dividend to which they were entitled, it was found advisable not to close the liquidation for some time. The Quebec Pulp & Paper Corp. shares received as part payment of a second dividend from Quebec Pulp & Paper Mills, Ltd., in liquidation, having appreciated in value in the last months of 1937, it was decided, after consulting the committee of preferred and common stockholders of Saguenay Pulp & Power Co. to realize the 337 55/100 shares of Quebec Pulp & Paper Corp. The necessary authorization was secured from the Superior Court to that effect in Feb., 1938, and the shares were finally disposed of in Aug., 1938, at a price of $8.00 per share. As all the assets of the Saguenay Pulp & Power Co. have now been realized, and as the liquidator has on hand for distribution to the preferred shareholders a sum of $7,000 as shown on the notice attached hereto, a second and final dividend of .01c per share will be payable on Nov. 9, 1938. The dividend checks will be mailed to the shareholders who have deposited their stock certificates. Shareholders who have not done so should surrender their certificates at once to the undersigned, in order that they may receive any dividend to which they may be entitled. Your attention is specially drawn to the fact that under the provisions of the Treasury Act the liquidator is bound to deposit with the Provin-

St. Albans Land Corporation, St. Albans, N. Y. Value of $550 of 4% Debenture Bonds. There was no market for these bonds at any time about the date of death. The bonds are due and payable only when, as and if the property is sold. It appears to me that the purchase of these bonds was more of a donation to get the St. Albans Club started, who leases the land. No interest has been paid on the bonds for several years. The chances of resuming interest payments, I understand, are very remote. With a $300,000 First Mortgage ahead of the Debenture Bonds, these Debenture Bonds, as an investment, would have no public interest except to members of the club. Under the circumstances, I would hesitate to place a value in excess of 5% of the face value of the bonds or $27.50 as of Dec. 16, 1940, the date of the decedent's death.

Salisbury Iron Corporation. Incorporated in Delaware on Jan. 8, 1920, and lost its charter on Apr. 1, 1929. The last report filed in 1928 showed Horace W. Davis as Chairman of the Board. Mr. Horace W. Davis, now located at Pittsfield, Mass., informed us as follows on Nov. 27th, 1940: " * * * I would advise you that the Salisbury Iron Corporation was completely liquidated a number of years ago. After paying off the outstanding bonds of over $100,000, there was left somewhere around 25c a share for the preferred stock. There was nothing available for the common and it is, of course, worthless."

The Court published a notice to the bondholders to present their bonds within a certain limit of time in order to receive their small pro rata benefit accruing from the sale. An order afterward was made directing the Master who effected the sale to return to the purchasers of the property the funds in his possession. The successor company was the Rio Grande Western.

Sampers, H. P., Company. Incorporated under the laws of the State of New York, on July 29, 1908, and was dissolved by Proclamation of the Secretary of State on Dec. 15, 1937. The son of Mr. I. H. Sampers, a former officer of the company located at Yonkers, N. Y., informed us on July 18, 1940, that H. P. Sampers Company was sold to William H. Hewitt & Company in 1933, who assumed the debts of the company. The latter company failed in 1938. We understand that Mr. Hewitt has 44 judgments against him which will have to be paid before the Debentures of H. P. Sampers Company. There is no likelihood that the preferred creditors will be paid in full, leaving no equity for the Debentures, which are without value.

San Traganton Lead Mines. Mr. Curtis of Curtis, Belknap & Webb, attorneys, located at 61 Broadway, New York City, informed us on October 6th, 1941, that this company owned some mining property in Spain. The Spanish Government confiscated the property, and the company did not believe it worth while to file claim. The funds that were left in this country were sufficient to retire 10% of the preferred stock. There were no further payments. The company now has no property and no assets. The shares are considered entirely worthless.

Savannah & Tybee Railway Company	

Sylvania Railroad Company

The Central of Georgia Railway Company, Savannah, Ga., informed us as follows on Oct. 14, 1941:

From time to time in the past we have had inquiries as to the value of Savannah & Tybee Railway stock. It has no value.

The Savannah & Tybee Railway Company was chartered Oct. 6, 1885, and was constructed in 1888. The company became insolvent, and was reorganized as Savannah & Atlantic Railway Company, and the Savannah & Atlantic Railway Company was sold under foreclosure and was bought by Central of Georgia Railway Company Dec. 30, 1895. Practically all of the line was dismantled in 1934. 3.21 miles of the original line are in existence.

You inquire about Sylvania Railroad Company stock. All of the property and rights of every kind of the Sylvania Railroad Company were sold at foreclosure sale in 1903 for $10,000, the proceeds not being sufficient to realize anything on the stock and only a small payment on the bonds. The old stock has no value whatever.

The company informed us as follows on April 24, 1941: "This corporation has been without income since the present war in Europe started and has been forced into a dormant position. Seattle, Renton & Southern Railway Co. Value of First Mortgage 5% Bonds. The National Bank of Chicago informed us that after the company's property was foreclosed in 1920, depositing bondholders received Income Bonds of the **Seattle & Rainier Valley Railway Co.** In the recent liquidation of the latter company, the **First**

Mortgage Bondholders received approximately 7c on the dollar, leaving no equity for the Income Bonds.

Seattle Trust & Savings Bank, Seattle Wash. Reported the following in Dec., 1941:

SAXONY KNITTING COMPANY. To Former Bondholders of Saxony Knitting Company 7% First Mortgage Bonds (Loan 4649 Goerig): You will recall the Trustee's notice of Feb. 9, 1937, advising you of the offer to purchase the property securing this bond issue at a price which would net in excess of 100% of the original par value of your holdings. Such sale was substantially consummated and distribution was made at 109% of said par value. Since that time your trustee has held a deficiency judgment against those who were foreclosed at the time of the taking over of this property and it has now been possible to obtain the sum of $404.92 in consideration of the release of said judgment.

You will also recall that there was held back from distribution at the time of the sale $309.04 to cover a possible income tax liability. $285.19 of that reserve fund now remains available for distribution and this amount, together with the recovery on the judgment, allows the Trustee at this time to forward you a check representing additional recovery on this sale in the amount of $25 per $1,000 par value of bonds held by you at the time of sale. We are very pleased to make this report and to enclose check in your favor at the above rate. As this represents the last distribution to be made on the account, we are closing our records and hope that the profitable result to the holders will be as gratifying to them as it is to the Trustee.

Seattle Trust and Savings Bank,
Trustee.

Shenandoah Corporation. Consolidated with others to form the Atlas Corporation on Oct. 31, 1936.

CONSOLIDATION OF OCTOBER 31, 1936
Terms of Exchange and Present Status of Stock of
SHENANDOAH CORPORATION

On Oct. 31, 1936, the old Atlas Corporation, The Goldman Sachs Trading Corporation (later known as Pacific Eastern Corporation), Shenandoah Corporation and Sterling Securities Corporation were consolidated to form the present Atlas Corporation. The terms of exchange for stock of Shenandoah Corporation are as follows:

For each share of $3 Preference Stock—one share of 6% Preferred Stock (share for share) plus 4/10 of a share of Common Stock of the present Atlas Corporation.

For each share of Common Stock—17/100 of a share of Common Stock of the present Atlas Corporation.

SCRIP

Scrip for fractional shares of the present Atlas Corporation resulting from the above terms of exchange expired on Oct. 31, 1938, when stock behind the scrip was sold at prices of $44.50 per full share of present Atlas Preferred and $8.375 per full share of present Atlas Common. Consequently, any fractional shares of the present Atlas Corporation to which certificates of the old consolidated companies would be entitled, now represent cash value of expired scrip at a proportion of the full share prices noted above.

DIVIDENDS

Dividends on full shares (not scrip for fractional shares) of the present Atlas Corporation now represent a substantial amount per share. These dividends are payable after exchange of stock to the record owner on the various record dates.

On the Preferred Stock, quarterly dividends of 75c per share on Dec. 1, Mar. 1, June 1 and Sept. 1 of each year ($3 per year) have been declared regularly since the consolidation. Thus at Oct. 31, 1941, they amount to $15.00 per share.

On the Common Stock, two dividends of 40c each were declared in 1937 and since then two dividends of 25c each have been declared each year. Thus at Oct. 31, 1941, they amount to $2.80 per share.

Please note that these dividends are payable: only after deposit of the old certificates for exchange (or sale, as hereafter noted); only on resulting full shares of present Atlas Preferred or Common; only to record owners of the certificates of the old consolidated companies unless the depositor furnishes proof of endorsement by the record owner prior to the record date of any dividends he claims, or provides a dividend order (covering such claimed dividends) from such record owner.

PURCHASE OF STOCK OF CONSOLIDATED COMPANIES

The present Atlas Corporation will, as a convenience to holders of certificates of the old consolidated companies, purchase such certificates at a price based on the above-noted cash value of expired scrip plus the market value of any full shares of Atlas Preferred or Common represented thereby at the closing prices on the New York Stock Exchange on the day such certificates are received in good delivery form (i.e., endorsed with signature guaranteed by a qualified bank or brokerage firm). Dividends will be paid separately shortly after the completion of the purchase in accordance with the conditions set forth in the dividend paragraph above.

Shepaug Valley Railroad Company. The New York, New Haven and Hartford Railroad Company, New Haven, Conn., informed us on Aug. 19, 1940, as follows: "In reply to your inquiry of Aug. 16 relative to Shepaug Valley Railroad Company stock, I have to advise that this company defaulted its interest under the second mortgage and the property went to the bondholders who in 1873 incorporated as the Shepaug Railroad Company. The latter company was unable to pay the interest on the first mortgage bonds of the Shepaug Valley, which it had assumed, and the property was foreclosed. The Trustee, the Treasurer of Connecticut, took possession in 1887 and later turned the property over to the bondholders who on May 10, 1887, were incorporated as the Shepaug, Litchfield and Northern Railroad Company. The New Haven was not interested until 1892 when it acquired a majority of the stock of the Shepaug, Litchfield and Northern, and in 1898 all of the stock having been acquired, the road was merged with the New Haven. The certificates of the Shepaug Valley Railroad Company and the Shepaug Railroad Company are, therefore, of no value."

South Carolina Granite Corp.	6

South Carolina Light, Power & Railways Company. The Manufacturers Trust Company of New York City informed us as follows on Aug. 20, 1941: Reference is made to your letter of Aug. 11, 1941, with respect to a certificate of deposit for Preferred Stock of the above company.

Under the terms of a Plan of Reorganization which was consummated on Dec. 4, 1922, the holder of a certificate of deposit for Preferred Stock was entitled to receive Preferred Stock of South Carolina Gas & Electric Company on a share-for-share basis. The South Carolina Gas & Electric Company was held by the Associated Gas and Electric System until 1927 when it was sold to Duke Power Company. We are advised by Duke Power Company that the assets of South Carolina Gas & Electric Company were sold at a foreclosure sale in Dec., 1928. As a result of the foreclosure sale, nothing remained for distribution to the Preferred Stockholders.

In view of the above, exchanges of certificates of deposit for Preferred Stock of South Carolina Light, Power & Railways Company for the new Preferred Stock of South Carolina Gas & Electric Company are no longer being made.

South Carolina Railway Company. First Cons. Mtge. Bonds. The South Carolina Railway Company existed a great many years ago. It was absorbed by the Southern Railroad not long after it was organized. At the time the Southern Railroad took over this company, a representative of the Circuit Court here, went to New York, with an attorney from this city to look after the matter. There all bonds of this company had to be verified and proved. This was done, and all of the proved bonds were paid their pro rata share of the proceeds of the sale of this road, which we believe amounted to about $128 per $1,000. All of the proceeds were disbursed at that time.

South Carolina, State of. In Dec., 1873, the State of South Carolina passed an "Act to Reduce the Volume of the Public Debt," called the "Consolidation Act." This Act declared null and void $5,965,000 Conversion Bonds as having been illegally put on the market, and provided that bonds and stocks for $9,886,627 (being the remainder of the total debt of Oct. 31, 1873) should be funded at 50% of their face value and interest from 1872. Thereupon this $9,886,627 of debt was funded at 50% into new 6% "Green Consols," dated Jan. 1, 1874, due July 1, 1893. Over one-half of the old debt had been funded at 50% into the new 6% "Green Consols," dated Jan. 1, 1874, due July 1, 1893, when in 1877 the question was again raised concerning the validity of certain of the old securities, which resulted in funding all over again under the "Consolidation Act of 1877." Invalidity was discovered to exist to a considerable extent among the "Green Consols." All those therefore wholly valid and the valid portion of those declared tainted, were exchanged at par with interest to July 1, 1878, for new bonds printed from the same plates as the "Green Consols," but colored "Brown" to avoid confusion with previous issues. With reference to the $13,500 (par) State of South Carolina 6% Consolidation Bonds, due 1893, which you hold, we would suggest that you write to the State Treasurer, Columbia, S. C., requesting information as to whether or not the specific bonds held by you are a part of the valid "Green Consols" or are they exchangeable for the "Brown" Bonds. In writing be sure and give full description of bonds and amounts.

Southern Corporation. The following letter was received from L. A. Peters, for the Liquidating Trustees, Shoreham Building, Wash., D. C., dated Jan. 13, 1939: "I have your letter of Jan. 4th asking for information concerning the remaining assets of Southern Corporation and the probable date of final distribution. It is hoped that the remaining assets of the company will be distributed some time within the next six months. The final distribution is awaiting determination of certain litigation in Wilmington brought by a stockholder owning 100 shares of stock, seeking the appointment of a receiver. The remaining assets of the company for distribution consist of cash which it is hoped will be sufficient to pay a dividend of approximately 20 cents per share and certain stock in The Fortinberry Company (distributors of lock-strip automobile tags) which will be distributed in kind." Example of stock presented for collection: Company made a distribution of $0.85 per share and instead of returning the stock to the original stockholder they gave a receipt for the stock. The Certificate which they returned is stamped showing that $1.15 has been paid making a total of $2.00 per share.

Southern Mutual Investment Co., Inc. On Feb. 26, 1910, the Journal of Commerce stated that $1,600,000 was distributed to claimants against Southern Mutual Investment Co. of Lexington, Ky., as a result of confirmation of report of Receiver J. C. Rogers by the Circuit Court of Lexington. The company had failed in 1907. In June, 1910, $200,000 was distributed. The Fayette Circuit Court at Lexington, Ky., informed us on Oct. 30, 1940, that Mr. James C. Rogers, Receiver for the Southern Mutual Investment Company has been dead over twenty-one years, and before his death his final report was made and approved by the Court, so the court holds no funds whatsoever. The funds were apparently paid to preferred creditors and not stockholders.

Spreckles Commercial Company. We received the following letter from Mr. P. C. Kelley, Vice President of the Security Trust & Savings Bank, San Diego, Cal., dated Nov. 18, 1938. "This Bank was trustee for an issue of $500,000 principal amount Spreckles Commercial Company First Mortgage Serial 6% Gold Bonds dated Feb. 1, 1928. These bonds defaulted in the payment of principal and interest, which was due on Feb. 1, 1931, after $30,000 principal amount of bonds previously matured had been paid. Foreclosure proceedings under the issue were instituted and the properties held as security were sold on Feb. 15, 1932, the net proceeds of the Trustee's Sale resulting in a distribution of $275.88 to holders of each $1,000 bond. All of the bonds outstanding, with the exception of one $500 bond, were surrendered for stamping and payment of proportionate share of proceeds of sale. We have been unable to locate the holder of $500 Bond No. D27, and the Trustee is holding $137.96 for payment to the holder of this bond, payment to be made upon surrender of the bond with Feb. 1, 1931, and seq. coupons attached."

Standard Motor Construction Company. Value of 10 shares of common stock of no par value. Incorporated in New Jersey in 1927 and filed a Decree of Dissolution on Dec. 30, 1932. The company was reorganized as the Standard Motor Holding Company. Ten shares of the old common stock were exchanged for one share of new common. The Standard Motor Holding Company is no longer in existence having lost its charter in 1936. I found no value to the stock of the Standard Motor Holding Company and therefore believe the shares of the Standard Motor Construction Company were worthless as of Feb. 4, 1940, the date of the decedent's death.

Sterling Securities Corporation. Consolidated with others to form the Atlas Corporation on Oct. 31, 1936.

Consolidation of October 31, 1936

Terms of Exchange and Present Status of Stock of Sterling Securities Corporation

On Oct. 31, 1936, the old Atlas Corporation, The Goldman Sachs Trading Corporation (later known as Pacific Eastern Corporation), Shenandoah Corporation and Sterling Securities Corporation were consolidated to form the present Atlas Corporation. The terms of exchange for stock of Sterling Securities Corporation are as follows:

For each share of $3 First Preferred Stock—one share of 6% Preferred Stock of the present Atlas Corporation (share for share). For each share of $1.20 Preference Stock—15/100 of a share of 6% Preferred Stock and 4/10 of a share of Common Stock of the present Atlas Corporation. For each share of Class A Common Stock—23/100 of a share of Common Stock of the present Atlas Corporation. For each share of Class B Common Stock—1/20 of a share of Common Stock of the present Atlas Corporation.

Scrip: Scrip for fractional shares of the present Atlas Corporation resulting from the above terms of exchange expired on Oct. 31, 1938, when stock behind the scrip was sold at prices of $44.50 per full share of present Atlas Preferred and $8.375 per full share of present Atlas Common. Consequently, any fractional shares of the present Atlas Corporation to which certificates of the old consolidated companies would be entitled, now represent cash value of expired scrip at a proportion of the full share prices noted above.

Dividends: Dividends on full shares (not scrip for fractional shares) of the present Atlas Corporation now represent a substantial amount per share. These dividends are payable after exchange of stock to the record owner on the various record dates. On the Preferred Stock, quarterly dividends of 75c per share on Dec. 1, March 1, June 1 and Sept. 1 of each year ($3 per year) have been declared regularly since the consolidation. Thus at Oct. 31, 1941, they amount to $15 per share. On the Common Stock, two dividends of 40c each were declared in 1937 and since then two dividends of 25c each have been declared each year. Thus at Oct. 31, 1941, they amount to $2.80 per share. Please note that these dividends are payable: only after deposit of the old certificates for exchange (or sale, as hereafter noted); only on resulting full shares of present Atlas Preferred or Common; only to record owners of the certificates of the old consolidated companies unless the depositor furnishes proof of endorsement by the record owner prior to the record date of any dividends he claims, or provides a dividend order (covering such claimed dividends) from such record owner.

Purchase of Stock of Consolidated Companies: The present Atlas Corporation will, as a convenience to holders of certificates of the old consolidated companies, purchase such certificates at a price based on the above noted cash value of expired scrip plus the market value of any full shares of Atlas Preferred or Common represented thereby at the closing prices on the New York Stock Exchange on the day such certificates are received in good delivery form (i.e., endorsed with signature guaranteed by a qualified bank or brokerage firm). Dividends will be paid separately shortly after the completion of the purchase in accordance with the conditions set forth in the dividend paragraph above.

Suffolk County, Treasurer of, Riverhead, N. Y. We were informed as follows:

LAND AND RIVER COMPANY (New York). Succeeded a company of same name incorporated in New Jersey. The assets of this company consisted almost entirely of unimproved lots and lands in or near the City of Superior, Wis. The New York office was located at 30 Broad St., New York City. On Oct. 31, 1910, it was decided to redeem at par on Dec. 15, 1910, all of the First Preferred Fractional Certificates and to make a distribution of 30% on the First Preferred Stock on account of the cumulative dividends on said stock on Nov. 15, 1910. A further distribution of 18% was paid on the First Preferred Stock. A final dividend of $8.00 per share was paid on the First Preferred Stock.

Suffolk County, Treasurer of (cont.) Vol.

LAND & RIVER COMPANY (N. Y.). Mr. Harry L. DeForest, an attorney, located at 20 Exchange Place, New York City, informed us on Dec. 7, 1937, that William K. Hopkins, c/o Attorney General's Office, 80 Center St., New York City, and Paul Bailey, Bay Shore, N. Y., were appointed Receivers of the company in 1933. Subsequently they were discharged and such funds as remained in their hands were turned over to the County Treasurer of Suffolk Co., Riverhead, N. Y. The County of Suffolk, Treasurer's Office, Riverhead, N. Y., informed us on Dec. 9, 1937, that there was deposited in their office as a part of their Court and Trust Fund, a certain amount due to various persons who failed to comply with the request of the Receivers as to deposit of stock, etc. The County Treasurer will be able to furnish the information required if you furnish him with the name of the security holder of record. He will then be able to inform you whether or not any funds have been credited to same. For the withdrawal of such funds the County Treasurer will require two certified copies of an Order issued out of the Supreme Court directing payment to the proper person. As we recall it, certain securities of the New Jersey Company were exchanged for securities of the New York Company, which have a liquidating value.

Sunset Pacific Oil Co. The Sunset Oil Company, Pacific Electric Bldg., Los Angeles, Calif., informed us as follows on Jan. 21, 1942:

"In our opinion the statement is extremely misleading and we must advise that the true facts are that the assets and properties of Sunset Pacific Oil Company were sold to this company at foreclosure sale pursuant to a plan of reorganization approved by the United States District Court, Southern District of California, Central Division.

"Under the plan of reorganization stockholders of Sunset Pacific Oil Company were afforded the opportunity to participate under the plan of reorganization if they made their election so to participate on or before Jan. 1, 1937.

"For your information, Sunset Pacific Oil Company does not have any properties or assets at this time."

Supreme Judicial Court of Maine, Portland, Maine. This court holds unclaimed funds for certain outstanding securities of the following which have not been presented for collection:

AMERICAN ORIENTAL COMPANY (Maine). At last accounts there were 249 shares of preferred stock outstanding that have a liquidating value of $18.44 per share. Collect from the Supreme Judicial Court of Maine, Portland, Me.

UNITED WIRELESS TELEGRAPH COMPANY. The Supreme Judicial and Superior Courts, County of Cumberland, Portland, Me., informed us as follows on Oct. 15, 1940: "Replying to yours of the 14th inst. will say that the only fund in the custody of this court, connected with the United Wireless Telegraph Company was a fund deposited in 1916 to take care of dividend checks sent out by the Receiver which had not been returned to him through the clearing house. Evidently your client did not deposit his stock and prove his claim or he would have received his proportionate share of the assets when the disposition was made by the Receiver." It would appear from the above that any outstanding shares are now worthless. Former stockholders should present their names to the Court to ascertain if they are entitled to these funds.

Swan Land & Cattle Company, Ltd. Incorporated in Scotland, and was dissolved following a 'Return of Final Winding-up Meeting filed on Mar. 10, 1927. The liquidator was Richard Gibson, 14 Melville St., Edinburgh, Scotland. In the Scheme of Arrangements sanctioned by the Court of Session on Mar. 3, 1926, it is stated that a corporation shall be incorporated under the laws of the State of Delaware under the name of the Swan Company. The Swan Company was incorporated in Delaware on Feb. 15, 1926, and is located at 1000 The Rookery, Chicago, Ill., in care of Frank H. Connor, President. Mr. Frank H. Connor, of John Clay & Company, The Rookery, Chicago, Ill., informed us as follows on Aug. 27, 1940: "Replying to your letter of the 23rd inst. I had taken it for granted all the stock of the Swan Land and Cattle Company had been retired as the company was reorganized or liquidated some time about 1924 and a new company known as the Swan Company was organized. If you care to write me further and give me the name of the owner of the stock, the date of its issue and the number of the certificate, I will look into it further."

Swan Land & Cattle Company, Ltd. The following letted dated Sept. 10, 1940, was received from Mr. R. Gibson, of the firm of Pringle & Clay, 7, Albyn Place, Edinburgh, 2, Scotland: "In reply to your letter of 21st August I would say that the stock cerificate you apparently hold can be of no value. The Swan Land & Cattle Co., Ltd., was wound up in 1926 and I acted as liquidator. The Estate of Louer as mentioned by you I cannot recollect ever having heard of, and I have just telephoned the company's former bookkeeper who kept the registers of stockholders and he has no recollection of it either. In the early days of the company some holdings were forfeited and cancelled because of non-payment of calls. The holding you are concerned with may be one of these. Title was forthcoming of all the stock outstanding in 1926 except one small holding of a deceased Swiss shareholder whose representatives refused or delayed to complete a title after many reminders in consequence of which the proceeds of his stock was handed over by me to the King's & Lord's Treasurer's Remembrancer representing the Crown as ultimus haeres."

Tennessee & North Carolina Railroad Company. Mr. R. W. Bell, an attorney, located at Abingdon, Va., informed us as follows on July 8, 1941: Your letter of June 24th addressed to the Tennessee & North Carolina Railway Company, Hayesville, N. C., was forwarded to me some days ago for reply. In regard to the bonds of the Tennessee & North Carolina Railroad Company, all the bonds of the Tennessee & North Carolina Railroad Company were, I am advised, retired in a receivership proceeding which was pending in the United States District Court for the Western District of North Carolina, about the year 1920. My understanding is that the Tennessee & North Carolina Railroad Company was sold to the Tennessee & North Carolina Railway Company by the receiver, and the holders of the bonds of the Tennessee & North Carolina Railroad Company agreed to and did accept 50c on the dollar on these bonds. I was never connected with the Tennessee & North Carolina Railroad Company and the information that I have is purely second-hand. Should you desire to make a further examination, I would suggest that you have an attorney at Asheville, N. C., examine the receivership proceedings in the office of the Clerk of the U. S. District Court at that place.

Texas-Atlantic Oil Company. Value of stock dated 1920. Organized in 1920 and held leases on 10,000 acres in Texas. The company did produce about 22,000 barrels every 3 months, and in 1921 it dropped to 5,000 barrels per quarter. Since May 1, 1920, until some time in 1921 the company paid dividends at the rate of 2% per month. Apparently the wells ran dry for the company was out of business the latter part of 1921. It is our opinion that the leases were forfeited and that the shares have no present value. The Petroleum Inspector of Texas, at Austin, Texas, apparently could confirm this.

Texas Company (The) (Delaware), 135 East 42nd St., New York City. Reported the following to us on Dec. 22, 1941: The Texas Corporation, in order to simplify its corporate structure and to promote greater efficiency and effect economies, has undergone a reorganization, the chief result of which is that the Corporation, in addition to its present functions, will carry on those operations formerly conducted by the Corporation's two chief subsidiaries. The Texas Company, a Delaware corporation, and The Texas Company, a California corporation. To accomplish this end, The Texas Corporation has merged into itself The Texas Company (Delaware) and has caused The Texas Company (California) to be dissolved. The Texas Corporation has acquired all of the assets and assumed all of the liabilities of both companies and will hereafter be known as The Texas Company.

Transactions in stock of the Company after Nov. 1, 1941, may be made in the same manner as formerly but under the name of The Texas Company. Stock certificates to be issued by the Company after Nov. 1, 1941, and until Jan. 1, 1942, will be in the old name but will bear a legend indicating the change in name. Beginning Jan 1, 1942, stock certificates will be issued bearing the new name. Certificates in the new name will not be ready for delivery prior to Jan. 1, 1942. Stockholders are requested not to send their certificates in for exchange prior to that date, but promptly after Jan. 1, 1942, all stock certificates should be sent to the Company for exchange certificates bearing the new name. For this purpose, no endorsement will be required on the old certificates and no charge will be made by the Company for such exchange. Certificates should be sent to The Texas Company, Stock Transfer Office, 135 East 42nd St., New York, New York. No change will be made in the form of the Company's outstanding debentures, or in the manner of selling or exchanging such debentures. For your information, the two following paragraphs are quoted from a press release of Oct. 24, 1941, regarding action taken by the Company's Board of Directors on that date:

Vol.

Texas Company (The) (Delaware) (cont.)
"Mr. Rodgers announced that the estimated earnings of The Texas Corporation and subsidiaries (excluding European subsidiaries) for the nine months ended Sept. 30, 1941, after charges for depreciation, depletion, amortization and after providing for federal income and excess profits taxes under the Federal Revenue Act as amended in 1941, amounted to $40,063,433, or $3.68 per share.

"Two dividends were declared at the Board meeting: the first, an extra dividend of 50c per share, payable on Dec. 15, 1941, to stockholders of record on Nov. 28, 1941; the second, a regular dividend of 50c per share, payable on Jan. 2, 1942, to stockholders of record on Nov. 28, 1941."

Title Insurance and Trust Company, 433 S. Spring St., Los Angeles, Cal. Informed us as follows on Feb. 17, 1942:

HOME TELEPHONE & TELEGRAPH COMPANY. Answering your questionnaire as to bonds of the Home Telephone & Telegraph Company, we wish to advise that two bond issues were created upon the same property. The first was created by the Home Telephone & Telegraph Company of San Diego securing its First Mortgage 5% Sinking Fund 30-Year Gold Bonds dated June 15, 1904, under a bonded indebtedness of $500,000. The second issue was created by San Diego Home Telephone Company with an authorized issue of $1,500,000 to secure its First Mortgage 5% 30-Year Sinking Fund Gold Bonds dated Dec. 15, 1907. We were named Trustee under both issues but resigned under the latter issue. The Union Trust Company of San Diego succeeded us as Trustee on Sept. 22, 1917 by court proceedings.

Upon default in the payment of interest on both bond issues, the property was sold under foreclosure proceedings on Jan. 26, 1918, for the sum of $125,000 to Pacific Telephone & Telegraph Company and the net proceeds of sale were paid to the respective Trustees for distribution to the bondholders. The bonds of the original issue are still redeemable by this Company at approximately 29.2% of their original par value, if all required coupons are attached. We also hold funds to pay outstanding coupons redeemed before the default occurred. The Union Trust Company of San Diego holds the funds applicable to the payment of all outstanding bonds, if any, of the issue of 1907. Our records disclose that they had the sum of $191.09 available for the payment of each $1,000 bond.

Toliga Development Co. 7

Tolima, Department of, Colombia. Press report dated Oct. 31, 1940. South American courts have just rendered a favorable judgment in the suit by the Marine Midland Trust Co. of New York to enforce the rights of holders of the 7% External Bonds of the Department of Tolima, Colombia, for which the bank acts as successor fiscal agent. Its ability to announce a decision in favor of the bondholders is unusual, according to a statement issued by the bank last night, since, in spite of the widespread defaults on South American dollar bonds, few suits have been instituted against the various governmental and other debtors. The Department of Tolima Dollar Bonds, now outstanding in the principal amount of $2,112,000, have been in default since Nov. 1, 1931. Each $1,000 bond has an accumulation of unpaid coupons of $603 to Nov. 1, 1940. The total outstanding includes more than $820,000 overdue sinking fund principal installments to Nov. 1 and carries $1,273,536 overdue coupons, or a total overdue for principal and interest of $3,385,536.

Reason for Default.

When the Tolima Bonds were issued, the department, which has a political status in the Republic of Colombia similar to that of a State, agreed to make monthly deposits in Colombia from its taxes on liquors, slaughter houses, tobacco and consumption of foreign liquors, which deposits were to be transferred to the fiscal agent in New York to make the service payments for sinking fund and interest on the loan. It stopped making these deposits in Dec., 1931, and the department excused its failure to make deposits by invoking the moratorium on foreign debt payments of the Government of Colombia, claiming among other things that even if the deposits were made they could not be transferred to New York for the service payments.

As successor fiscal agent, Marine Midland Trust Co., after failure of all friendly negotiations, began a suit in the Colombian courts in 1938 to secure an order forcing the department to deposit pledged revenues to be held as security for the benefit of the bonds, until payment could be made on the bonds or a satisfactory settlement arranged. After an unfavorable decision in the lower courts, the Supreme Court of Justice handed down a decision Oct. 14, 1940, ordering the department to make its deposits, as from Dec., 1931 to July, 1938, when suit was begun.

The total of the deposits ordered would be $1,593,333 in United States currency, but the court converted this amount into Colombian currency at the parity rate in 1927 when the bonds were issued, for an aggregate of 1,637,150 pesos and stated that this amount of Colombian currency was to be considered in discharge of the service obligation due in dollars. Marine Midland had already filed petition for reconsideration of this latter point, and expects the department also to apply for reconsideration.

Arrangements looking toward enforcement of the judgment have not yet been worked out and ultimate collections will probably be in Colombia currency which will be blocked in Colombia and unavailable for transfer to New York for the benefit of the bondholders, except as further negotiations to this end are successfully undertaken.

The bank stated that this new decision may be considered a tribute to the high integrity of the Colombian courts and that it appears to be an outstanding step in the effort of American creditors to secure payments on Colombian dollar debts. The bank also expressed the opinion that the steps which will be taken to enforce the judgment should have a material influence in accelerating negotiations for settlement of Colombian departmental debt.

Trexler Company of America (The). Incorporated in Delaware on Feb. 10, 1919, as the Trexler Rim Compressor Company. On Aug. 16, 1919, the name was changed to the Trexler Company of America. The latter company lost its charter in 1928. Mr. John F. Sinclair, former Pres. of the company, located at 4103 Walnut St., Philadelphia, Pa., informed us on Oct. 12, 1940, as follows: "* * * The Trexler Company of America formerly manufactured and sold automobile accessories. In 1924 the company got into serious financial difficulties owing to the failure of the Huhn (spelling not clear) Bank in Philadelphia. Some two years were spent in trying to save the assets of the company but without success. Consequently the affairs of the company were wound up in accordance with the laws of the Commonwealth of Pennsylvania. The stock of The Trexler Company of America has had no value since 1924."

Troy & North Carolina Gold Mining Company. Incorporated in New York State in 1866 and was revived in 1936 by Frank E. Tappan, Treas. of the company, located at Attleboro, Mass., in care of the Associated Attleboro Manufacturers, Inc. Mr. Tappan informed us as follows on Aug. 3, 1936: "The company was revived in order that it should be able to pass title to its property in North Carolina. The undersigned, F. E. Tappan, having paid taxes on this property for many years, personally, and having had the responsibility of seeing that no one stole the timber or gold, felt that he should have the property in his own hands to dispose of as seemed best. Therefore the Directors voted to sell the property to him for $1,200. You will realize, of course, that most of this amount was used in defraying state franchise and other taxes in arrears for upwards of 20 years, also attorney's fees so that there will be little to distribute to stockholders. However, there may be something left when the matter is finally closed. If you will furnish me with full particulars regarding the stock you mentioned, including proof of ownership, I shall place the name on file for distribution of whatever amounts may be left after all expenses are paid."

Supplementing our previous report, the following letter was received from Ralph C. Estes, an attorney, located at Bronson Bldg., Attleboro, Mass., dated Aug. 13, 1936: "Your letter of the 4th instant to Mr. Frank E. Tappan has been handed to me by Mr. Tappan to answer because I am familiar with the legal affairs of the Troy and North Carolina Gold Mining Company, and he thought I might explain the legal aspect to you better than he can. This company was organized about 1866. Mr. Tappan's father became interested in the company and became the owner of 539 shares out of 707 shares issued. The company became dormant. Back around 1915, there was a lawsuit over the taking of some of the timber from the property, which was won by the company, but damages were entirely used up in legal fees. In 1924 after Mr. Tappan's father died and his stock came to Mr. Frank E. Tappan, they had the opportunity to sell some timber, and we called a meeting of the stockholders. Notice was sent to all stockholders of record to the addresses that were known. The meeting was held in Troy, N. Y., and a vote passed to sell the timber. There was something around $6,000 realized. Mr. Tappan had paid the taxes, salary of treasurer for some time, expenses of looking after the property, and legal fees, which reduced the $6,000 to $1,500. The property was sold for taxes once or twice and he redeemed it. Nothing more was done until there was some talk of the government taking over the property at a price that would realize about $1,200. We then started to have another meeting of the company last year, but found that the company had been dissolved by the State of New York. We succeeded in getting a special Act through the New York Assembly early this year to revive the company, but to do so we had to pay considerable taxes to the State of New York, and then held a meeting at which 549 shares out of 707 were represented. Again all notices were sent to all the stockholders of record to the last addresses known, including Mr. Cluto, and notice was advertised in accordance with New York laws. The meeting was held and it was deemed advisable to get the property into somebody's hands so that it could be disposed of, and Mr. Tappan offered to take it over at the price the government might pay, namely, $1,200, and the stockholders voted to sell it to him. Consequently it has been conveyed to him, and then we have had the company again dissolved. Competent New York legal advice was employed. After paying all expenses, taxes, etc., there is about $1,500 on hand to be divided among the stockholders."

Truro Realty Corporation. Incorporated in New York State in 1925 and lost its charter in 1938. Mr. Sidney B. Henshaw, an attorney, and former officer of the company, located at 14 Wall St., New York City, informed us on Oct. 15, 1940, that the company owned the Hotel Duane, located at Madison Ave., between 37th and 38th Sts., New York City. The property was appraised at $1,000,000 and was subject to a First Mortgage of $550,000, held by the Seamen's Bank for Savings. When the hotel business went bad and real estate values dropped, the hotel failed. The property was foreclosed by the Seamen's Bank in 1932. There was nothing realized for the Notes or stock, which are entirely worthless.

Union Realty Company. $100 Bonds. The Union Realty of Atlanta, Ga., issued bonds of the Union Realty Company on the Thomas Jefferson Hotel of this city. When the Adairs got into trouble, the Thomas Jefferson Hotel, along with others, over the country, found itself in the hands of the

Federal Court. We are informed that there was then formed the Jefferson Hotel Holding Company, which completed the hotel and later leased it to the Baker Hotel Corporation. We have also been informed that holders of the Union Realty Company Bonds, if they took advantage of the opportunity to work their salvation out by cooperating with the stockholders' protective committee, would receive dollar for dollar of bonds of the Jefferson Hotel Holding Company. If they failed to do this, however, it appears they will have some 20c on the dollar coming to them from the Federal Court. (12/21/1929.)

United Shoe Machinery Corporation, 140 Federal Street, Boston, Mass. Informed us as follows on December 23, 1941: "Scrip certificates of the Corporation representing fractional shares of Common stock, have been issued in prior years in connection with stock dividends. Such scrip certificates have no expiration date and are still convertible into shares of Common stock when presented to the Corporation in multiples of $25.00 par value. As so few scrip certificates remain outstanding at the present time, holders find difficulty both in disposing of them and purchasing additional certificates necessary to acquire full shares of Common stock. Inquiries concerning scrip certificates may be addressed to the Secretary's Office, 140 Federal Street, Boston, Massachusetts."

RATON WATER WORKS CO. OF NEW YORK. The United States District Court, for the District of New Mexico, at Albuquerque, N. Mex., holds $400 for the First Mortgage 5% Bonds due 1935, to be distributed at the rate of $5.92 per $1,000 bond.

United States District Court, Baltimore, Md. Our records indicate the following:

BLUE MOUNTAIN IRON & STEEL CO. Value of First Mortgage 5% Bonds due 1929. We received the following letter from the Chase National Bank, 11 Broad St., New York City, dated March 10, 1938, and signed by Douglas P. Stewart, Asst. Trust Officer: "After Produce Exchange Company (succeeded by this bank through consolidation) as Trustee under a mortgage made by the Blue Mountain Iron & Steel Company, dated Sept. 4, 1899, and a confirmatory mortgage dated Oct. 23, 1899, had taken proceedings in Maryland to foreclose the mortgage, bankruptcy proceedings were started against the Blue Mountain Iron & Steel Company in the United States District Court for the District of Maryland, and that court took upon itself under the federal statutes, to sell all the property of the bankrupt, including that covered by the lien of the said mortgage, to Produce Exchange Trust Company as Trustee and to distribute to bondholders and others the proceeds of the sale of the bankrupt property by the Trustees in Bankruptcy." Any unclaimed funds are probably held by the above court.

SOUTHERN MARYLAND R. R. The bonds of this company have a decree value of $140.04 per $1,000 bond. The funds were paid by the United States District Court, Baltimore, Md. We understand that the unclaimed funds have been turned over to the United States Treasury. These funds may be recovered on unstamped bonds by making proper application to the above court.

United States District Court, Birmingham, Ala. We were informed as follows:

The Master in Chancery of the United States District Court, Chicago, Ill., gave notice in 1899 that they held $196.20 to pay on each $1,000 First Mortgage Bond with Oct. 1, 1873 and subsequent coupons attached. These funds have probably been turned over to the U. S. Treasury. The money may be claimed by petitioning the court.

GRIGSBY-GRUNOW COMPANY. Mr. Frank M. McKey, First National Bank Bldg., Chicago, Illinois, informed us as follows on January 13, 1942: "With reference to the attached clipping, I wish to advise you that Grigsby-Grunow Company went into bankruptcy in 1934. The process of liquidation extended over a period of years, being concluded in 1940 when the last of the real-estate was sold. The assets realized a total of more than $4,000,000.00 which, after expenses of liquidation, court expenses, etc., was distributed to the creditors in four dividends. The Class 1 creditors received a total of 63.9363% and the Class 2 a total of 40.7751%. The bankruptcy proceedings have been concluded and the trustee has been discharged. There are no further funds available, with the exception of a very small amount covering dividends issued to creditors who could not be found. This balance was paid over to the Clerk of the U. S. District Court. The stock is worthless. The Trustee has no funds in his possession."

The U. S. District Court is probably in Chicago.

The last information we had regarding the holder of this bond is that the Bank of the Manhattan Company presented a coupon under their collection item No. 152946 in 1931. This was during the period of reorganization of the issue and the coupon was not paid but returned. We have written the Bank of the Manhattan

U. S. District Court, Grand Rapids (cont.) Company several times to inquire as to the individual or corporation presenting the coupon to them for collection but failed to receive any information. GRAND RAPIDS, GRAND HAVEN & MUSKEGON RAILWAY COMPANY. The United States District Court, Western District of Michigan, Grand Rapids, Michigan, informed us as follows on November 13, 1941: Reply being made to yours of the 12th instant, regarding the above captioned bonds. Please be advised that there are funds on deposit in the registry of this court for payment of the liquidating dividends on unpresented bonds of Grand Rapids, Grand Haven & Muskegon Railway Company. There were four dividends ordered paid on these bonds, the final one of which was ordered paid on May 25, 1937. The total dividends payable on each $1,000 bond is $314.52 less a statutory fee of 1% for payment from registry of court. In order to receive this amount on each $1,000 bond it is necessary that the bond carry coupons dated January 1, 1926 and July 1, 1926. If the coupons are missing a deduction of $10.00 will be made for each such missing coupon.

In order to participate in the distribution of the dividends, it will be necessary to forward the bonds to this office together with an affidavit of ownership properly sworn to before an officer authorized by law to take acknowledgments. There should also be incorporated in the affidavit the fact that no liquidating dividends have been paid on the bonds being presented for payment. In event certain dividends were paid by the court and the bonds carry an endorsement to that effect, your petition or affidavit should so state and pray for payment of the balance of unpaid dividends.

Vol.

U. S. District Court, Kansas City (cont.) a search of the record and did not find the above stockholder's name in the list filed by the Receiver at the time the balance in his hands was turned into the Registry of the Court. Therefore it is our opinion that your client received the pro rata share due thereon in liquidation, and that the certificate has no further value. We understand that the stock of this company has a liquidating value of 54% and that unstamped stock should be presented to the United States District Court, Western District of Missouri, Kansas City, Mo., for collection. We have been unable to confirm the above. Probably the State Banking Department of Missouri has further information regarding the liquidation of this bank.

ST. JOSEPH TRACTION & LIGHTING COMPANY. The United States District Court, Western District of Missouri, reported as follows on June 26, 1940: "It appears that there were two sets of bonds issued by the St. Joseph Traction and Lighting Company; one being described as First Mortgage 5% 10-Year Gold Bonds, and the other as Consolidated First Mortgage 5% 50-Year Gold Bonds. The payment mentioned in my former letter was made on the 10-Year Bonds, and so far as the record shows, no payment was ever made on the 50-Year Bonds. It was provided in the Decree that the Master first apply the proceeds to the payment of the 10-Year Bonds and expenses of administration, and that if after the payment of these items there remained other moneys they were to be applied to the 50-Year Bonds, and the amount received being insufficient to pay in full the 10-Year Bonds nothing was left to be applied to the others."

"In reply to your letter of Apr. 4th, with reference to the Interborough Co., you are advised that the amount of unclaimed dividends in said cause which remained on deposit in the registry of this Court for a period in excess of five years was deposited in the U. Treasurer for the amount to which he may be entitled. The funds are available only to those whose claims were allowed." We received the following letter from Charles Weiser, Clerk of the United States District Court, Southern District of New York, U. S. Court House, Foley Square, New York City, dated Dec. 15, 1938: Bankruptcy No. 18380. "Reference is made to your letter of Dec. 13, 1938. The records of the above entitled proceeding show that the claim of one Henry Diffene, Wallingford, Conn., who appears to have been the owner of Bond No. 230, was allowed in the amount of $501.25. A first and final dividend of $21.55 was declared and paid to said claimant. The dividend declared was at the rate of 4.31%. The amount of $352.06 paid over to the U. S. Treasury represented outstanding, uncollected, dividend checks, and amounts due to creditors who could not be located. The name of the owner of Bond No. 230 does not appear on the list of unpaid dividends." Although the bond does not appear to be stamped it would seem that the distributive share had been paid.

United States District Court, Omaha, Neb. Reported in Dec., 1941, that they hold unclaimed funds for the following:

ST. JOSEPH & GRAND ISLAND RAILROAD COMPANY. Replying to your recent request for verification of your report in re St. Joseph & Grand Island Railroad Co., this is to advise that a check of the records of the Circuit Court of the United States for the District of Nebraska, now a part of the records of the District Court of the United States for the District of Nebraska, reveals the case of the Central Trust Company of New York versus The St. Joseph & Grand Island Railroad Company, et al., Docket "R", No. 35, being an action to foreclose mortgage and for appointment of receivers. In the report of one Edward Simonton, Special Master, filed March 15, 1897, reference is made to 283 outstanding bonds at $421.53668 each, and that the fund to pay the distribution and dividend

U. S. District Court, Omaha (cont.) on said outstanding bonds and coupons is on deposit in the First National Bank of St. Paul, Minn., to the credit of the court.

We have been unable to reconcile your reference to an amount of $21.12 also paid by the receiver on each bond from funds realized on unmortgaged estates. Furthermore, the record also shows that funds on hand to pay the distribution and dividends on said bonds have long since been deposited to the credit of the Treasurer of the United States, pursuant to the provisions of Section 852, Title 28, United States Code (Revised Statutes of the United States, Section 996, as amended March 3, 1911). United States Electric Power Corporation. (Press report dated Apr. 10, 1941.) Victor Emanuel and the financiers in this city associated with him in 1929 in formation of the United States Electric Power Corporation to obtain control of the $1,000,000,000 Standard Gas and Electric Company system have reached a settlement with Henry J. Ripperger, receiver for the former concern, according to an order made by Judge Erwin T. Dickinson of the Circuit Court of Baltimore, Md. Under the settlement, Mr. Emanuel and his associates are to pay $650,000 cash to cover expenses of the suit and debts of United States Electric Power, the balance to be for distribution to the remaining stockholders, with the stipulation that no part of the fund is to go to holders of the company's notes or preferred stock. Mr. Emanuel's group also is to turn over to Mr. Ripperger promissory notes of United States Electric Power having an unpaid balance of $8,378,000 which aggregate more than $10,000 with interest, 90,800 shares of 6% preferred stock with a liquidating value of $9,080,000 and about 2,000,000 shares of common stock of the corporation.

Suits in Various Courts

The receiver, through Percival E. Jackson and Javits & Javits, started suits in Federal Courts in New York, Boston, Delaware and the District of Columbia against the organizers, directors, officers and bankers of United States Electric Power. These included Mr. Emanuel, W. C. Langley & Co., A. C. Allyn & Co., the Bancamerica Blair Corporation, the J. Henry Schroder Banking Corporation, the First Boston Corporation, the Hydro-Electric Securities Corporation, the American General Corporation and the Amerex Holding Corporation. It was alleged that United States Electric Power was organized solely to acquire control of the Standard Gas system so that the defendants might make personal underwriting and other management profits out of subsidiaries of Standard Gas. The receiver's suits claimed that the company never had been intended to serve as an investment trust, as had been represented to the public. He charged further that, for the purpose of retaining underwriting and management profits, the defendants caused United States Electric Power to buy Standard Gas stock at excessively high prices and to pledge all the company's assets, including the Standard Gas stock, for loans which it could not repay.

Banking Operations

The receiver's complaint alleged that a group of New York banks including the Chase National Bank, the Chemical Bank and Trust Company and the Guaranty Trust Company lent United States Electric Power $12,000,000 and took as collateral the common stock of the Standard Power and Light Corporation, which controlled the Standard Gas system. When the market price of that stock depreciated, the complaint continued, Mr. Emanuel and his associates bought in the notes held by the banks and the collateral for about $3,000,000. Mr. Ripperger asked that the notes be cancelled. Under the settlement, Mr. Emanuel and his associates retain control of the common stock of Standard Power, which owns a majority of the common stock of Standard Gas. Leo T. Crowley, President of Standard Gas, recently declared that its common stock was worthless and would be wiped out by a recapitalization plan being prepared.

United States Shares Corporation. We received the following letter from the Chase National Bank, 11 Broad St., New York City, and signed by William A. Ten Eick, Jr., Asst. Cashier, and dated Nov. 26, 1937: "This is in reply to your letter of Nov. 17th, in which you inquire concerning United States Shares Corporation, with particular reference to distributive payments made by us and also request that we include other information that might be useful to you. The United States Shares Corporation Agreement and Declaration of Trust dated Jan. 10, 1928, Common Stock Shares A-1 was terminated Oct. 14, 1932. Pursuant thereto, the deposited stock was sold and the proceeds together with cash held by us as Trustee under the agreement became distributable to Certificate holders against surrender of Certificates. Under an agreement, dated May 10, 1932, between United States Shares Corporation and North & South American Corporation, 15 Exchange Pl., Jersey City, N. J., the latter assumed all rights and obligations of the former under the Agreement and Declaration of Trust, dated Jan. 10, 1928. United States Shares Corp. (Maryland Corporation), before the vote of shareholders to dissolve in 1935, acted as distributor of a number of investment trust issues. It is understood that a liquidating dividend has been made on the common shares of the corporation itself and that liquidating payments are being made on several of the relatively long list of trust shares of various series which the company sponsored. Among the issues sponsored and the Trustees of those issues were the following: Bank Stock Trust Shares—Series C 1; United New York Bank Trust Shares—Series C 3; United Insurance Trust Shares—Series F; Bank Stock Trust Shares—Series C 2; United Fixed Shares—Series Y; of which The Continental Bank & Trust Company, New York City, is the Trustee. There was some indication that Investors Sponsors Corporation was acting as successor sponsor company of Series 'F' Certificates, although an inquiry at that office reveals that that function was never assumed. Canadian Bank Stock Trust Shares—Series D, of which the Empire Trust Company, New York City, is the Trustee. United Oil Shares—Series H, of which The Continental Bank & Trust Company, New York City, was the Trustee, later succeeded by The Equitable Trust Company of Baltimore, Md., and later succeeded by the Hudson County National Bank, Jersey City, N. J., which we understand has tendered its resignation, although a successor has not been named. Argosy Associates, Inc., 25 Broadway, New York City, was reported to be successor sponsor of Series 'H' but was not located at that address. It might be noted, for your information, that a Mr. Samuel Hershenstein, 39 Broadway, New York City, is apparently counsel for the Argosy Associates, Inc., and appears to have carried on certain negotiations in connection with the trust shares recently. United Common Trust Shares—Series A, of which the City Bank Farmers Trust Company, New York City, is the Trustee. We trust that the data given will be of some help to you and assure you of our pleasure in being of service."

See Hudson County National Bank, Jersey City, N. J.

Universal Tide Power Company. The Superior Court of Suffolk County, Boston, Mass., informed us that this receivership appears on the docket of their court, a Bill in Equity entitled Abraham et al vs. Knowlton, No. 28282, in the nature of a minority stockholders' bill, was entered here Sept. 8, 1926. Bennett Sanderson, Esq., was appointed Receiver of the company; and all assets of the company were disposed of by him, under order of Court, by public auction. Upon the payment of some of the debts of the company, and after filing of a report by the Receiver, a Final Decree was entered on Jan. 6, 1931, allowing the Receiver's second report, and discharging him as Receiver. No information is available in the papers relative to any disposition of the company's stock. In view of the fact that only some of the debts were paid, it is reasonable to assume that the debts were not paid in full, leaving no equity for the stock.

Upshur County, Texas, Lease. Mr. Joe H. Jones, Trustee, located at 1120 Kirby Bldg., Dallas, Tex., informed us as follows on May 9, 1941: "This is to advise you that Mrs. A. B. Fichter's interest in the Upshur County, Texas, Lease, is of little value at this time. She purchased a 3/10,000 interest for which she paid $15, and since my appointment as Trustee for the Unitholders in this Lease, she has received 12 10% dividends on her interest. The matter will be closed this year and it is hard to say just what the balance will be that will be due her. However, it will be safe to say that another 10% dividend will be issued in the near future and then as the books are closed whatever funds are available will be issued to the unitholders, which will perhaps be less than the 10% that has been paid each time."

Urado Products Company. Incorporated in Utah, and according to the last report filed in 1938, the company is located at 25 East 2nd South, Room 601, Salt Lake City, Utah. Chester A. Vincent, Pres.; Dorothy N. Vincent, V.-Pres.; Dollie E. Vincent, Secy. Letters addressed to the company have not been answered nor returned. We found no quoted market for the stock.

Urado Products Co. Supplementing our previous report, Mr. C. A. Vincent, Pres. of the company, located at Beason Bldg., Salt Lake City, Utah, informed us as follows on Nov. 25, 1940: "We are in receipt of your recent letter requesting information, in behalf of a client, on the present status of the Urado Products Company. We regret to inform you that stock of this company has no present value. The incorporators of the Urado Products Co., who were also holders of the voting stock of the company, expended approximately $15,000 in an endeavor to find a market for the oil. Failing in this, they gave their stock to the undersigned, who had been active in the company with them, as a measure of compensation for the time and effort given. Under the new Drug Act, the company is unable to market the oil for medicinal purposes. Due to the remoteness of the property from a railroad and the subsequent heavy transportation charges, we have been unable to market the oil at a price to meet competitive products. Neither is the supply of oil sufficient to attract local refineries. There has been practically no income from the property during the last two years and I have kept up the incorporation tax in the hope some use for the oil might yet develop. So far there has been none.

Uvalde Asphalt Company (Virginia). First Mortgage 5% Bonds, due 1919, stamped to effect that 75% has been paid on principal. Incorporated in West Virginia in 1898 and had an office at One Broadway, New York City in 1910. It was reported in Nov., 1909, that the company was not operating although interest had been paid regularly on the bonds. Mr. W. J. Browne, formerly an officer of the company, now located at 24 Monroe Pl., Brooklyn, N. Y., informed us on Feb. 10, 1937, that the property of this company was sold about 1910-12 and the proceeds divided amongst the bondholders. The Trustee and associates have all passed away. Apparently the 75% was the total amount payable on each bond, and as your bond is stamped as having received this amount, it has no further value.

Vanderbilt Newspapers, Inc. Incorporated in Florida, and lost its charter in 1936. Mr. Cornelius Vanderbilt, Jr., located at Riverside Hotel, Reno, Nev., informed us as follows on Sept. 23rd, 1940: "The company concerning which you write went out of existence in 1928 or 1927. A receiver was appointed but he was killed in an automobile accident some five or six years ago. The attorney for the receivership was John G. Mott, whose offices are in the Citizens Trust and Savings Bank Bldg., Los Angeles, Cal. I am sure he would be able to give you all of the information you desire and if your client holds an original guarantee from me, he is entitled to share in the trust fund which I established for such purpose at that time."

Van Noy Inter-State Company of Maine. Incorporated in Maine and filed its last return in 1939, and was dissolved by decree of court on Dec. 27, 1939. The President was L. C. Caldwell; Treas., H. M. Oliver, both of 71 E. Lake St., Chicago, Ill. A letter addressed to the company at its last address in Chicago, was answered by The Interstate Co. of 71 E. Lake St., Chicago, Ill., as follows: "Your letter of Jan. 17, directed to our Treas., Mr. H. M. Oliver, was recently passed to the writer for acknowledgment. There is no company in existence, that we know of, known as the Van Noy Interstate Company of Maine. However, several years ago we had a non-operating subsidiary company incorporated in Maine which has long since been dissolved. It is our desire to find an answer to your present question. Please send us a description of the stock held by your client, giving date of issuance, name of holder, whether Common or Preferred stock and such other particulars as may be available, either from the stock certificate itself, or from your client. It would be better, of course, if you want to trust us with the stock certificate, to send it to us and we will trace its back history and give you such information as we can."

Vermillion Oil Company, 733 U. S. National Bank Bldg., Denver, Col. Reported on May 26, 1940, that the company has been doing all that it could do in the way of development work to make its shares of value. Its present well is being drilled under contract. The present drilling contract is for a maximum depth of 3,000 ft. The well is now more than 2,700 ft. deep with work proceeding daily. There have been several showings of oil and gas but insufficient for a commercial productive well.

Vermont Central Railroad Co. We received the following letter from the First National Bank of Boston, Boston, Mass., dated Oct. 8, 1937. " . . . from information in the files of American Trust Co., which came to us as that bank's successor it appears that the holders of First Mortgage Bonds of Vermont Central Railroad Co., were given 20% of the par value thereof in Preferred stock of Consolidated Railroad Company of Vermont and that the holders of Second Mortgage Bonds were given 10% of the par value thereof in the same stock under a Plan of Reorganization which took place in 1883. So far as we can determine from the records, this settlement was made only to those holders of Vermont Central Railroad Co. bonds who deposited their bonds at that time. It is not possible to determine whether there was a foreclosure dividend, and it appears that the only method of determining would be to search the records in the Chancery Court in Vermont. It is the impression, however, of former officers of the American Trust Co. that there is no foreclosure dividend for the reason that the receivership expenses over a period of many years had dissipated practically the entire value of the security. The American Trust Co. was not the Trustee for these bonds." We received the following letter from the Rutland County Clerk's Office, Rutland, Vt., signed by Mr. G. N. Harman, and dated Oct. 21st, 1937: "On Sept. 8, 1868, a decree of the Court of Chancery for the County of Rutland was recorded, in which decree disposition of certain bonds of 'The Rutland & Washington Railroad Co. & al.' are involved. It is a long decree and refers to certain 'lost bonds'. I do not know whether or not this is the matter about which you inquire, but can find nothing else that has to do with the disposition of any bonds. As I understand it, the Vermont Central Railroad was either forerunner or successor of the Rutland & Washington Railroad Co. Perhaps, if I knew to whom this unclaimed bond was issued, I might be able to determine whether or not it was one of the 'lost bonds' indicated in the decree. The final successors and present operator of this railroad is the Rutland Railroad Co., of which the general offices thereof, are located here at the City of Rutland. It might be well to communicate with Edwin W. Lawrence of this city, its general counsel."

Viking Gasoline Corporation, Kanawha Valley Bldg., Charleston, W. Va. The company informed us as follows on June 25, 1941: "On Aug. 1, 1931, Viking Gasoline Corporation leased its properties to a subsidiary of Columbia Oil & Gasoline Corporation, Viking Distributing Company, with the option to purchase the same for a price of $200,000, and since the extension of that lease on Aug. 1, 1932, has collected $1,000 per month rental for the properties. The taxes, upkeep and all costs of operating the properties are being borne by the lessee company, and Viking Gasoline Corporation has no expenses whatever except federal income tax and West Virginia gross sales tax on its net income. The directors have deemed it advisable to keep this money pending the final consummation of the present arrangement with Viking Distributing Company. Should the properties be returned to Viking Gasoline Corporation and Viking Distributing Company not decide to purchase the same, it would be necessary to have this money as operating capital. I am not prepared to say at this time what the final disposition of this arrangement will be, but suffice it to say that the directors of Viking Gasoline Corporation have deemed the present working arrangement a satisfactory one, inasmuch as the properties have been kept in good condition by the lessee company and the gallonage increased, which, together with the accumulation of the rentals, has made the transaction a favorable one for the company. There are more than 40,000 shares of stock outstanding in the company, and from the bank account referred to above and the original option price, you can get some idea as to the probable value of the stock. We trust this is the information you desire. Yours very truly, C. K. Gilchrist, Treasurer."

Vineland Light & Power Company (N. J.). Leased plant to Vineland Gas Company in 1908. The latter company merged in 1910 with the New Jersey Gas Company, which went into receivership in 1920. The property of the latter company was purchased at receivers sale by the New Jersey Gas Corporation, which was merged with the Peoples Gas Company of Glassboro, N. J. The plant of the Vineland Light & Power Company was only leased by these other companies and therefore still belongs to the company. Any outstanding bonds of the company are probably worth par.

Virginia, Commonwealth of. The following securities have not been presented for collection: Old & Unfunded Debt of the Commonwealth of Virginia dated prior to July 1, 1891. Commonwealth of Virginia 3% Bonds dated July 1, 1882 and payable July 1, 1932. Commonwealth of Virginia $2.00-$3.00 Bonds dated July 1, 1891, due July 1, 1991 which were called for payment on Jan. 1, 1937. These are direct obligations of the Commonwealth of Virginia and were subject to funding and payment at the office of the Treasurer of Virginia, Richmond, Va. Virginia Deferred (West Virginia) Certificates dated July 1, 1871, and subsequent. These certificates were exchangeable through the office of the Treasurer of the State of Virginia, Richmond, Va., with the State of West Virginia for cash in accordance with a decree of the Circuit Court of the City of Richmond, dated July, 1920, not at par. The Virginia Deferred (West Virginia) Certificates should have been presented for exchange prior to Jan. 1, 1939.

VIRGINIA, COMMONWEALTH OF. Value of Bond No. 2236 for $100 issued 7/1/1871. This bond is fundable at 68.25% of its face value into a Virginia Century Fractional Cft. The coupons attached thereto are valueless except those due in July, 1889, and July, 1890, and Jan. and July, 1891, five coupons of $3.00 each. These coupons are fundable at 75% of their face value. The funding value of the bond and coupons together aggregate $79.90. The fractional certificates may be sold at 70% of their face value or $55.93. The law requires that a commission of 3½% be paid for the funding on the new issue. The new issue being $79.90 would make this funding fee $2.70 (1934).

VIRGINIA, COMMONWEALTH OF. Value of Virginia Deferred (W. Virginia) Certificate. Certificate No. 703 for $333.33 is worth at this time $254.16. Certificate No. 728 for $300 is worth $225.06 (1934).

VIRGINIA, COMMONWEALTH OF. Value of 6 Deferred Cfts. According to the figures we received, each certificate has a value of $2.07, or a total of $12.44 for the six certificates (1934).

VIRGINIA, COMMONWEALTH OF. Deferred (W. Va.) Cft. No. 2478 for $50, dated July 1, 1871, in the name of Thomas W. Ackley. This certificate is convertible info a W. Virginia Fractional Cft. at 91.11% of its face value, $45.55. On this item the court allows a commission of 1% for making the exchange, 46c and 60c for forwarding certificate in W. Virginia for exchange (1934).

Virginia Lumber Company. Incorporated in Virginia prior to 1903, and as the company had failed to file reports in 1903, when the State Corporation Commission of Virginia was formed, it is assumed that the corporation ceased to do business before 1903. Vitamins Incorporated. Incorporated in Delaware on July 20, 1929, and is no longer in existence, having filed consent of dissolution on July 7, 1937. President, Frederick Osborn, 123 E. 73rd St., New York City; Treasurer, William H. Frame, Jr., c/o Schieffelin & Co., 16 Cooper Sq., New York City. Mr. Frame informed us on Oct. 24, 1940, that when the company was liquidated a dividend of about 10% was paid to the preferred stockholders. The par value of the preferred stock is $100. The company also has a claim against the government, and if successful will realize an amount that will only pay the preferred stockholders a few cents more per share. In view of the fact that there are no assets available for the common stockholders, we submit the shares as worthless. Any further dividend that may be paid to the preferred stockholders as a result of the government claim, the payments will be made by Mr. William H. Frame, Jr.

Wabash Railway Company. Norman B. Pitcairn and Frank C. Nicodemus, Jr., receivers of the Wabash Railway Company, have filed with the United States District Court at St. Louis a revised plan of reorganization which would reduce the total capitalization of the company from $325,269,911 to $160,597,835 and would cut fixed charges from $7,433,443 to $3,753,213, including an improvement fund requirement of $1,000,000 annually. Including contingent interest, sinking fund requirements and preferred dividends, annual charges would be reduced from $11,026,603 existing on Jan. 1, 1940, to $7,388,917 under the revised plan. Present holders of common stock would be permitted to exchange their stock on the basis of one share of present common for one-eighth of a share of new common and $7 in new 50-Year Income Bonds, Series B, upon the payment of an assessment of $7.00. It is estimated that full payment of this assessment would contribute $4,742,227 of new money to finance the plan. The Pennsylvania Railroad holds 362,900 shares of common stock and 312,900 shares of preferred A stock of the Wabash Railway. Reorganization expenses are estimated by the receivers to be approximately $2,000,000 and the additional $2,000,000 is needed as a first payment on new equipment. Issues which would remain undisturbed under the plan include: $9,150,000 of Equipment Trust Certificates, $2,085,000 of the Wabash-St. Charles Bridge Company First Mortgage 4% Bonds and $150,000 of Wabash-Hannibal Bridge Company First Mortgage 3½% Bonds. The Reconstruction Finance Corporation would receive in payment for equipment trust certificates now held, **$16,394,583** in new 25-Year 3% First Mortgage Bonds. An additional **$4,491,411** of Series B Equipment Trust Certificates held by banks would be exchanged for a like amount of Serial Collateral 2% Notes secured by the same collateral now securing the Series A and Series B Equipment Trust Certificates. Capitalization of the new company would consist of: **$76,389,524** of fixed interest debt; **$38,207,975** of contingent interest debt, **$45,526,896** of preferred stock and **$473,440** of no par common stock with a stated value of **$1.00** per share.

Wamsutta Club, New Bedford, Mass. Value of $300 of Second Mortgage Bonds dated 1924 and due 1964 with July 15, 1933, and subsequent coupons attached. Letters addressed to the Wamsutta Club have not been answered nor returned. Tripp & Tabor, investment bankers, located at Merchants National Bank Building, New Bedford, Mass., informed me on June 10, 1940, that there is no market value to the Second Mortgage Bonds of this club. They have been unable to get any bid on these bonds for a long time. In view of the fact that the interest is in default and that the bonds have no market value I do not believe the bonds had more than a nominal value as of the date of death. Therefore, I submit 1 flat or $3.00 as a fair value for $300 of bonds as of Jan. 22, 1940, the date of the decedent's death.

War Dance Mines, Inc. Incorporated in Colorado. The Assessor of Gilpin County, Central City, Col., informed us as follows on Jan. 29, 1942: "In reply to your request relative to holdings of the War Dance Mines, Inc., our records show they own the following real estate and personal property all located in Gilpin County, Col., to wit: Decatur lode, Survey 582; Hershell lode, Survey 583; New Brunswick lode, Survey 584; Big Wampum lode, Survey 882; Undivided ⅓ Silver Dollar, Survey 591; Undivided ⅛ Shaft House and Machinery on that portion of block 49 in the City of Central lying between Lawrence and Gregory Sts. and east of Dump Mill site. One Fordson tractor and compressor 8 x 6 G. D. on the Powers lode. Ten stamp mill and mill equipment and a parcel of ground as described in book 211 at page 99 of Gilpin County records and being a part of lot 3 in block 49, Central City, Col. This property has been under lease to Gilbert McGrath for the past six or seven years, under name of Sam Morris, Gilbert McGrath, and Joe Thomas. The	

address of Gilbert McGrath is Idaho Springs, Col."

Mr. J. Gilbert McGrath, of Idaho Springs, Col., informed us as follows on Feb. 8, 1942: ". . . As to the mine I wish to say that the properties are not leased to me. In 1935 when the War Dance Mines, Inc., were forced to cease operations because of finances a lease was granted to Mr. O'Connor who was supposed to have ample money to continue operations, the War Dance Mines, Inc., to receive a royalty on all ores produced, but he fell down completely, leaving labor, and supply bills unpaid. My father and myself obligated to pay these bills as we made good for them in a way. After this sad experience a lease was given to Sam Morris on a block of ground in the New Brunswick (not the entire claim), since that time he has worked that block of ground. Mr. Morris was killed in the mine on April 4th of last year and since then another man and myself have continued to operate it. We purchased Mr. Morris's holdings from his widow. We have had our troubles with this mine. Mr. Hurd, who financed it, quit us cold, leaving no brokerage connection. We interested Mr. Cleek, who did not help much, and he finally locked up his office. Since that time we have had no sponsor of the stock, so that it has just drifted along and what the price of the shares are now I am unable to say. All bills have been paid in full from royalties by myself since Dad passed away. We have kept the properties free of any labor claims. We have also kept up the taxes on all the properties, and have enough to pay taxes for 1941. Being gold miners we may be unable to secure supplies to keep operating for very long. If we produced strategic metals we would be better off."

Washington Farm Lands Company. Value of $1,500 of First Mortgage Series "B" Second Lien Bonds due 1923 with June 1, 1915, and subsequent coupons attached. The Guaranty Trust Company of New York City, informed me on June 4, 1940, that a default occurred in the payment of interest coupons due in December, 1914, on the above bonds. Subsequently, in November, 1915, a petition in bankruptcy was filed, and after considerable delay, pursuant to a Court Order, the mortgaged property was finally sold in 1924 for the sum of $12,000. After payment of taxes and expenses of the bankruptcy proceedings, nothing was left for the bondholders. Therefore I submit the bonds as worthless as of Jan. 22, 1940, the date of the decedent's death.

Washington Square National Bank of New York, New York. The Treasury Department, Comptroller of The Currency, Washington, D. C., informed us as follows on August 29, 1941:

"Receipt is acknowledged of your letter of August 26th, stating that one of your clients holds some stock of the Washington Square National Bank of New York, New York, and you ask to be advised as to the present status of this bank and whether the stock has any value.

You are advised that on June 17, 1930, the Washington Square National Bank of New York, New York, changed its title to the Washington National Bank of New York, New York. On March 29, 1932, this bank went into voluntary liquidation, and subsequently on June 10, 1932, the bank was declared insolvent and placed in the hands of a receiver. On July 26, 1932, an assessment of 20% or $100,000 was levied against the shareholders of this bank payable on or before September 2, 1932. A final report was submitted to this office by Mr. Edwin V. Hellawell, Receiver, and the receivership was closed on May 13, 1938, after the payment of dividends to creditors aggregating 100% and interest.

The shareholders decided to continue the receivership for their benefit rather than elect a shareholders' agent. The receiver subsequently made a partial refund to shareholders on account of the assessment paid by them.

If you will advise as to the name and address of your client, an examination will be made of the records of the receivership of the bank in question and you will be advised whether there is any refund due such party."

West Side Construction Company. Incorporated in New Jersey on May 9, 1892, and was dissolved by action of its stockholders on Jan. 24, 1900. Pres., R. Somers Hayes, New York City; V.-Pres., George C. Clark, New York City. This company built the Metropolitan West Side Elevated Railroad and received $5,000,000 in First Mortgage Bonds and $12,412,100 of stock of that company. Against these assets the company owed $1,500,000. The bonds were offered to the stockholders at $300 for each $1,000 bond, said $300 was to be applied to pay off the $1,500,000 debt. On Jan. 20, 1897, a Receiver was appointed for the Metropolitan West Side Elevated Railroad. The property was sold on Jan. 4, 1899, for $6,000,000. The distribution on the Metropolitan Bonds amounted to $404.19½ per bond. On Sept. 9, 1899, the company paid a dividend of $4 per share. The previous payment was $7 in Mar., 1898. A final dividend of $1.25 per share was paid in July, 1900, by the company at 32 Nassau St., New York City. Apparently all of these dividends were mailed to the stockholders of record.

West Side Elevated (Patented) Railway Company. The Public Service Commission of the State of New York, informed us as follows on Sept. 26, 1941:

This will acknowledge your inquiry of Sept. 22 having reference to the West Side Elevated (Patented) Railway Company.

The following extract is quoted from the Engineer's Report on Railroads for the year 1870, page 1053:

"OFFICE WEST SIDE ELEVATED
RAILWAY COMPANY,
185 Greenwich St., New York, Dec. 23, 1870

"S. H. Sweet, Esq.,
Deputy State Engineer and Surveyor:

"Dear Sir—Your favor of 21st inst., calling for a report from the West Side Elevated (patented) Railway Company, has been received.

"This company has been experimenting for some time with the wire cable unsuccessfully, is now about to test the value of another motor by private subscription, the road and its assets having been sold by the sheriff on judgment obtained by creditors. It is in receipt of no income, and must be reorganized before business of any kind, under its charter, can be commenced.

"The necessary preliminary negotiations we hope to consummate immediately after the annual meeting of stockholders, the 11th of January, 1871.

Respectfully yours,
H. W. TAYLOR, Secretary."

The following extract is quoted from the Engineer's Report on Railroads for the year 1872, page 1178:

"I was in possession of the road and property of the West Side Elevated Railway Company, as trustee, at the close of September, 1871. I continued, as trustee, to operate the road every business day from Oct. 1, 1871 to Jan. 2, 1872 * * *.

"On the morning of the third day of January, 1872, I surrendered the road to the New York Elevated Railway Company, which company had then become the owners by purchase.

"The West Side Elevated Railway Company exists only for the purpose of closing up its affairs. It has no property."

(Signed) J. A. COWING,
Trustee.

Wilcox & White Company. Incorporated in Connecticut and was legislated out of existence on July 3, 1924. The Home Trust Company of Meridan, Conn., where the Wilcox & White Company was located, informed us on Dec. 11, 1940, as follows: "From inquiries made, it would appear that the preferred stock of this company was guaranteed by The F. G. Smith Company, who subsequently became insolvent, and it is our understanding that the preferred stockholders of the Wilcox & White Company shared in the bankrupt estate as creditors. We do not know the amount of the liquidating dividend which the creditors of the Smith Company received, but it is our opinion that if no claim was entered at the time of the Smith bankruptcy, any individual now holding a certificate for preferred stock of the Wilcox & White Company would find same to be worthless."

Wilmington & Reading Railroad Co. On page 90 of the Commercial & Financial Chronicle dated Jan. 27, 1877, it states that this company was reorganized as the Wilmington & Northern Railroad. The capital stock of the new company was fixed at $1,500,000, the amount of the First Mortgage Bonds, which were exchanged on a par for par basis, according to the Circuit Court of U. S. for the Eastern District of Pennsylvania. The Wilmington and Northern was subsequently reorganized as the Philadelphia & Reading. There was no provision made for the Second Mortgage Bonds, which in our opinion are without value.

Wyandot Copper Company. Mr. Frederick Hoitt, an attorney, located at 89 Broad St., Boston, Mass., informed us as follows: "The Wyandot Copper Co. was dissolved and its affairs wound up in 1927 and a final liquidating dividend of 2c per share was paid to stockholders of record in Dec.,

Vol.

1927. During the time the corporation was in existence, certain assessments were levied from time to time and at the date of dissolution only stock showing $13.50 per share paid in was in good standing. Stock showing less than that amount had been previously sold for non-payment of assessments under the Michigan statutes. Accordingly, if your client's stock shows $13.50 per share paid in he has probably received the final liquidating dividend of 2c per share. If his shares show less than that amount paid, they are valueless."
